

## U.S. MAY PUT TROOPS IN HOLY LAND

BANK CLOSING  
ON SATURDAYS  
STRIKES SNAGSTATE COMMUNITY  
PROPERTY LAW  
IS REPEALED

Lansing, April 22 (AP)—Repeal of the ten-month old Michigan community property law, today had House approval but the Senate had to pass on an amendment before it goes to the governor.

To the measure, already passed by the Senate, the House attached a proviso permitting couples to continue to hold in common property acquired while the law was in effect. To do so, the couples would have to file a notice to that effect with their county register of deeds within a year.

If the Senate approves of the amendment, husbands and wives would only have to "sit tight" to permit their earnings to return to the old system.

"Members of this legislature need not apologize for approving community property last year," said Rep. Howard R. Carroll (R-Mt. Clemens). "Michigan's adoption of community property was considered in Washington as the straw that broke the camel's back and forced Congress to write it into the federal income tax law."

**School Aid Debated**  
The state law was passed to permit husbands and wives to split their income and thus pay lower federal taxes.

Opposition of rural members to a bill which would permit closing banks on Saturdays nearly killed it in the House yesterday. Endorsed by Governor Steller as an aid to personnel problems of metropolitan areas, the measure drew 49 favorable votes, 10 short of the needed majority. Backers kept it breathing by having it on the table where it can be reconsidered.

A Senate approved bill providing a retirement system for judges was due for House debate today (2 p. m.) after a favorable report by committee.

A major item in Sigler's legislative program, the bill would provide for voluntary retirement up to 70 and virtually require retirement after that age.

Also scheduled for debate was the important school aid bill, appropriating more than \$70,000,000 to local school districts. The House Ways and Means committee struck from the Senate-approved bill.

Single Bandit Robs  
Bank At Soo, Ont.

East Lansing, April 22 (AP)—The State Police said that a bank in Sault Ste. Marie, Ont., was robbed about noon today by a single bandit dressed in an army jacket and blue dungaree trousers. The amount of money taken was not immediately known.

## BOYS SAVED IN LAKE

St. Joseph, Mich., April 22 (AP)—Two youths are recovering from shock and exposure today after clinging for an hour to their overturned fishing boat in Lake Michigan last evening.

They are Jack Mummaw, 19, of 152 Lake Street, Benton Harbor, and Kenneth Ott, 18, of 1508 Bernice Avenue, St. Joseph.

## Weather

Reported by U. S. Weather Bureau

UPPER MICHIGAN: Mostly cloudy tonight and Friday with showers or thundershowers west and central portions tonight and over most sections Friday. Warmer south and east sections tonight. ESCANABA AND VICINITY: Mostly cloudy and warmer tonight with showers or thundershowers late in the evening, wind' south and southeasterly 20 MPH, increasing to 30 MPH by midnight. Friday showers or thundershowers and warmer, wind southwesterly 20 to 25 MPH. High 55, low 36.

## Hot Tip Given In Reuther Gunman Hunt

UNION LEADER SHOT—Faced with possibility of never regaining use of his right arm, Walter P. Reuther, president of the UAW, rests in bed at Grace Hospital, Detroit, following attempt on his life. Reuther was shot in right arm and chest by unknown assailants who fired through labor chief's kitchen window. (NEA Telephoto)

Increased Auto Tax  
Measure Pushed As  
Sigler Backs Down

Lansing, April 22 (AP)—Governor Sigler, abandoning his months-old stand against higher taxes, yielded Wednesday to legislators' demands and allowed them to consider increased automobile license (weight) taxes.

Sigler insisted he changed his mind without outside help, but legislative leaders thought he had given in to break a squeeze-play aimed at his legislative program. Sigler's bills have been getting much better consideration in the last few days.

The Governor coupled his retreat with a suggestion that special consideration be given to whether commercial vehicles are paying their proper share of highway costs.

He demanded also that the legislature consider a more "equitable" distribution of highway taxes, a platform which always has stirred bitter urban-rural controversy.

Hopes for a Friday adjournment of the legislature appeared to evaporate as Sigler made his sudden reversal. The Senate already had withdrawn its agreement to adjourn Friday, but the House still was insisting it could get through. Observers believed differently.

Struggling for months to get the road tax increase past Sigler's roadblock, the legislature moved quickly when he retreated.

Minutes after the governor's message was read, Rep. A. P. Decker (R-Decker) introduced a bill to increase the weight tax on passenger cars from 35 to 50 cents a hundredweight and on trucks 33 per cent.

TRUMAN FILLS  
CABINET CHAIROhio Lawyer Offered Job  
Of Commerce Secretary

Washington, April 22 (AP)—President Truman today nominated former ambassador Charles Sawyer of Ohio to be secretary of commerce.

Presidential Secretary Charles G. Ross said Sawyer's nomination probably will go to the Senate today, along with that of W. Averell Harriman to be "roving ambassador" under the European recovery program.

Mr. Truman offered the commerce post to Sawyer by long distance telephone last night after Harriman agreed to give up that position to take over the ERP job. Ross said Sawyer telephoned Mr. Truman today from his home at Cincinnati to accept the appointment.

Dredge Gen. Meade  
Is Sold For Scrap

Grand Haven (AP)—The General E. G. Meade, dredge which has been lying in the government basement here for several months, has been sold to the Woodmen Scrap Iron and Metal Co. of Detroit.

POLICE CHECK  
OVER ENEMIES  
OF UAW CHIEFREWARD IN DETROIT  
AMBUSH SHOOTING  
NOW \$117,900

Detroit, April 22 (AP)—Police said they are working on a "hot tip" today in Detroit's great man-hunt for the gunman who shot the CIO's Walter P. Reuther.

Chief of Detectives Jack Harvill said three union members would be brought in for questioning at once. He did not identify them further.

"We have a hot tip," Harvill told newsmen. "It looks good. That's all I can say."

His officers, meanwhile, checked an empty shell that may have come from the shotgun in the hands of Reuther's assailant.

It indicated, they theorized, that more than one man took part in the assault that nearly cost the CIO United Auto Workers' president his life Tuesday night.

Reuther, on a fruit juice diet in the hospital, was said by his physician to be "doing fine." His right arm was shattered by the blast and his side was injured.

**Dozens Questioned**  
William Mumford, a 16-year-old neighbor, found the empty 16-gauge shell near the curb on a street not far from Reuther's home. Witnesses said the getaway car—a red sedan—traveled at high speed down the same street.

Detectives—There are 40 of them assigned to Detroit's greatest man-hunt—said the shell apparently was thrown out the right window of a car. If it came from the red sedan, they added, it might mean that another man besides the would-be killer was at the wheel.

Sifting through the pile of possibilities, officers questioned dozens of the friends and enemies the fiery union leader had made on his climb to the presidency of the CIO United Auto Workers.

But despite the offer of rewards totalling \$117,900—per-

(Continued on page 9)

Government Drops  
Meatless Tuesday

Washington, April 22 (AP)—The government today dropped "meatless Tuesday" but in a new appeal for food conservation called upon people to observe a meatless day of their own choice.

The "meatless Tuesday" campaign was started last fall by a citizens food committee headed by soap manufacturer Charles Luckman.

The agriculture department said there still is need for food saving by both families and public eating places. Proper conservation can do much, it said, to check rising food prices, to help build new food reserves, and to make supplies available for hungry areas abroad.

Sailors Will Get  
Conventional Pants,  
Lose Buttoned Cuff

Washington, April 22 (AP)—Sailors' dress uniforms soon will be minus the famous 13 buttons on the trousers and buttoned cuffs on the jumpers.

Instead new dress blues, which will be issued in a few months, will have conventional front-trousers with hip and slash side pockets. Coat style sleeves will replace the buttoned cuffs.

Owner Dies In Fire  
At Jack Pine Lodge

Blaine Brannon, 57, former conservation officer in charge of the Cusino Game Refuge and owner of the Jack Pine Lodge 27 miles north of Manistiquette on M-94, was burned to death in fire when fire demolished his residence at the lodge about 9:30 last night.

Brannon, the only person in the small knotty pine home at the time of the mishap, had retired at about 9 o'clock, and the fire is believed to have started a few minutes later from an oil burner explosion.

The blaze was first noticed by Virgil Faircloth, of Munising, former state trooper and visitor at the lodge last evening, and by Mrs. Brannon and Miss Elsie Mahlia, a

Lewis May Have  
To Foot Bill On  
Miners Pensions

Washington, April 22 (AP)—John L. Lewis today was reported leaning toward a delay in starting his \$100 a month miners' pension fund in the face of blunt notice he might have to pay the bill himself.

Sources close to the mine leader said it is doubtful an afternoon meeting of the miners' welfare fund trustees will be held as scheduled.

Lewis presumably called the conference to adopt rules and regulations for paying \$100 monthly pensions from the still untapped \$32,000,000 welfare fund.

The report of a possible delay in pensions came as soft coal diggers streamed back to the pits in answer to Lewis' return-to-work call.

Persons close to Senator Styles Bridges (R-NH) and Ezra Van Horn, pension fund trustees along with Lewis, echoed reports to-

LATIN AMERICAN  
TALKS RESUMEDEnvoys Move Back Into  
Battered Bogota

By JOSEPH F. McEVROY  
Bogota, Colombia, April 22 (AP)—The Pan American conference, tentatively scheduled to close April 30, moves back to the national capital today amid efforts to reach an agreement on the colonial question.

The United States differed with three Latin American nations yesterday in debate on an Argentine resolution demanding that outside countries give up their colonies in the western hemisphere. Secretary of State George C. Marshall expressed the U. S. view opposing the resolution.

A committee was appointed to draw up a resolution acceptable to all the 21 delegations to the ninth international conference of American states.

The conference began March 30 in the capital. An uprising April 9, officially blamed on the Communists, disrupted the conference, but five days later the meeting was resumed in a suburban preparatory school.

Painesdale Miners  
Await Pay Ruling

Lansing, April 22 (AP)—The state supreme court reported today it expected to act within 30 days on the Copper Range Mining company's petition for a rehearing of the court's decision granting unemployment compensation to 700 Painesdale miners.

The court earlier ruled the miners were entitled to the benefits even though they were thrown out of work when the company mine shut down because of the miners' refusal to accept a wage cut.

## BURGLARS GET \$503

East Lansing, April 22 (AP)—State police reported that burglars looted the Henry Zimmerman grocery store at Mulliken Wednesday night and escaped with \$503 in cash.

day's meeting probably would be put off. Bridges is the neutral trustee.

Ezra Van Horn, the third trustee, representing the coal mine owners, filed suit yesterday asking that Lewis and Bridges be held personally liable for any money spent from the fund on the Lewis-Bridges pact terms.

Van Horn said the plan is illegal under the Taft-Hartley labor act for two main reasons:

1. Bridges never had any legal right to vote on how the money is to be spent, because the law says the employer representative is the one to do the agreeing—and Van Horn disagreed to the Lewis-Bridges plan.

2. The reason he disagreed to it was that it would pay pensions to miners for whom no contributions have been made to the fund. He said this, too, is barred by law.

Meanwhile the coal strike appeared to be waning in the face of a federal court injunction that it end. Lewis already has been fined \$20,000 and his United Mine Workers' Union \$140,000 for criminal contempt for failing to obey an original restraining order. And the federal judge who did the fining, T. Alan Goldsborough, has ordered Lewis to be back in court tomorrow morning for sentencing on civil contempt of the strike-end order. There was every indication it would go hard for Lewis if his men aren't back by then.

But union leaders in the coal fields were predicting the miners would man the pits in heavy numbers today. About 300,000 out of the 400,000 were idle yesterday—even in the face of instructions from Lewis himself to go back.

RUSSIANS CURB  
BERLIN TRAVELNew Restrictions Asked  
On Allied Planes

By RICHARD KASISCHKE  
Berlin, April 22 (AP)—A Russian commission recommended new restrictions today on air traffic of the western allies in and out of Berlin.

The six-man commission, set up to investigate a British-Russian plane collision, urged that the Soviet commander, Marshal Vassily D. Sokolovsky:

(1) Require that the Americans, British and French give 24 hours' notice of their flights through corridors over the Russian occupation zone, with "details about the planes and their passengers."

(2) Prohibit those allies from making any "corridor flight" by night, in clouds, in the stratosphere or under other circumstances "in which the plane cannot be seen from the ground."

The commission said only such "strict regulations" could prevent a repetition of accidents like the April 5 crash here between a British Viking transport and a Soviet Yak-3 fighter. The collision killed 12 Britons, two Americans and the Russian pilot.

The Russian report, which took up a full page in the official Soviet newspaper Tagliche Rundschau, blamed a British violation of air safety regulations for the accident. It said the British should be made to pay indemnities for the plane and to the dead pilot's family.

Sault Woman Dies  
Shopping in Chicago

Chicago, Ill., April 22 (AP)—Mrs. Della Compo, 68, of (2222 Fourth Ave.) Sault Ste. Marie, Mich., suffered a fatal heart attack here yesterday while shopping with her daughter.

Mrs. Ellen Sorenson of (9940 Calumet Ave.) Chicago said her mother had been visiting her for the past 10 days.

Mrs. Compo, a widow, is survived by two other daughters, Mrs. Ina Chittenden of Manistiquette, Mich., and Mrs. Elizabeth Jacobson of Sault Ste. Marie.

GOP KEYNOTER—Gov. Dwight H. Green of Illinois will be the keynoter at the Republican Convention in Philadelphia, June 21.

BIG AIR POWER  
PLAN TRIMMEDBargain Rate Proposal  
Offered Congress

By EDWIN B. HAAKINSON  
Washington, April 22 (AP)—The administration laid a "bargain rate" air power compromise before Congress today aimed at giving the country 11 more fighting groups at a cost of \$481,000,000.

Secretary of Defense Forrestal whipped up the proposal in a fresh effort to keep the Senate from following the lead of the House in insisting on a full 70-group air force.

Forrestal's plan calls for a 66 group program and a three-year national defense outlay of \$46,000,000,000.

Chairman Gurney (R-S.D.) of the Senate Armed Services committee told a reporter he thinks Congress should accept the Forrestal offer.

He called his committee into another closed-door session today (10:30 a. m. EST) to try to win approval for the air force program and then turn to the equally hot issues of a temporary draft and universal military training.

Forrestal demonstrated by his compromise offer late yesterday that he can switch his strategy.

Previously he had insisted that a strengthened 55-group air force would be enough. Then some of his subordinates—Secretary of Air Symington and a group of air force generals—plunked for the 70-group program. It was rushed through the House as part of a money bill.

Old Red Capital,  
Yenan Abandoned  
By Chinese Troops

Nanking, April 22 (AP)—China today gave up the old Communist capital, Yenan, after little more than a year of occupation. The withdrawal caught the nation by surprise.

The government explained that it pulled out of the famous old cave city in north Shensi Province to place its troops more favorably. It anticipates an onslaught of Red Gen. Peng Teh-Huai, who has been threatening to carve a gateway into Szechuan Province.

Abandonment of Yenan underscored the gravity of the government's position in the northwest. It also gave credence to reports that both the governor of Shensi Province and the northwest military commander, Gen. Hu Tsung-Nan, had been removed.

Iron Ore Companies  
Lease State Lands  
For Explorations

Lansing, April 22 (AP)—Two thousand acres of state land were leased by five iron ore companies for one exploration recently, the state conservation department said today.

The leases covered more than a third of the lands offered. Pickands-Mather and Company, Inland Steel Company, M. A. Hanna Company, Republic Steel Corporation and the Cleveland-Cliffs Iron Company paid bonuses of \$1,750 for the leases in addition to standard rentals.

Guardsmen to Help  
Fight Forest Fires

Lansing, April 22 (AP)—The state conservation department reported today it has developed detailed plans for assistance of the Michigan National Guard in the event of serious forest fires in Michigan.

Citing the necessity of a combined operation if Michigan ever were visited with fires such as swept Maine last fall, the department said it had negotiated with the guard for standard operating procedures aimed at smooth and speedy mobilization of the guard.

HAIFA SEIZED  
IN BATTLE BY  
JEWISH ARMYFORCE TO PROTECT  
AMERICANS ASKED  
BY TRUMAN

Haifa, Palestine, April 22. (AP) Jews virtually seized control today of Palestine's richest port city of Haifa after heavy all-night fighting.

"It was a massacre," said one Arab spokesman. "It was another Stalingrad. We were not prepared."

By request of the British, the Jewish military force Haganah issued a cease-fire order shortly after noon.

A Haganah spokesman said terms handed the Arab national committee included:

Disarmament of all Arab forces and surrender of all arms.

Freedom of movement in all parts of Haifa with an end to sniping and roadblocks.

Delivery of all foreign Arab troops to Haganah for immediate deportation.

Surrender of all German Nazis.

A 24-hour curfew during which the Arab disarmament would be carried out.

All persons to return to their normal pursuits.

A guarantee that Arabs could carry on their lives and work as free and equal citizens of Haifa and enjoy all municipal services.

The security of Haifa outside British zones to be maintained by Haganah.

Haganah orders to be binding on both Arabs and Jews.

There was every indication from Arab sources that Arab national committee members still in Haifa will accept the Haganah conditions.

By JOHN M. HIGHTOWER

Washington, April 22 (AP)—Administration officials predicted today that President Truman will ask Congress to approve any use of American troops to police Palestine.

This apparently does not rule out the chance that the president might in an extreme emergency, order limited forces into the Holy

(Continued on page 9)

Sturgeon Bay Man  
Convicted by Jury  
For Killing Widow

Sturgeon Bay, Wis., April 22 (AP)—William Drews, 50, was summoned into circuit court today for sentencing on his conviction by a jury of first degree murder in the cremation slaying of an aged, wealthy widow.

The guilty verdict by the jury of 10 men and two women yesterday followed testimony by two physicians that they believed Mrs. Sadie Cody, 85, was alive when Drews placed her body in a blazing furnace on April 2.

District Attorney Edward Minor said Drews, who lived in an apartment owned by Mrs. Cody, admitted the slaying when taken into custody April 6. He said he beat her when she refused to loan him money and then carried her to the basement and stuffed her body into the furnace. He insisted, however, she was dead at the time he burned her body.

Mrs. Osa Edger Dies Following Two Year Illness

Mrs. Osa E. Edger, 61, of 314 North 19th street, well known resident of Escanaba, died at 5 o'clock this morning at the family home. She had been in poor health for the past two years, and seriously ill for several months.

Born in Fayette, September 20, 1886, she came to Escanaba as a child and had made her home here since that time. She was in charge of the alteration department at Lauerman's for 22 years, retiring two years ago because of ill health.

Earl Long Elected Louisiana Governor, Just a Formality

New Orleans, April 21 (P)—Louisiana voters went through the formality yesterday of electing Earl K. Long as their governor in a statewide general election. There was no opposition for the younger brother of the late Senator Huey P. Long, and the vote was light. The fight for the governorship was staged in the Democratic primaries in January and February.

In the primaries, Long defeated former Gov. Sam Jones, who campaigned on a "reform government" platform. Yesterday's vote gave formal ratification to the primary choices. It was nothing like the 656,499 votes cast in the February 24 run-off primary between Long and Jones.

Together with Long, eight other state officials, members of the legislature and local officials were voted into office yesterday.

Spies In Hungary Accused of Sending Secrets to U. S. A.

London, April 21. (P)—A Tass dispatch said today the Hungarian interior ministry has announced the arrest of 12 persons accused of sending abroad Hungarian military inventions. It said some of the information had been sent to the United States.

The ministry communique said the alleged head of "a large criminal group" involved was Leites Vilmos, director general of Hungary's Ferrotechnika engineering firm. Vilmos has fled the country, the communique added.

The statement said the accused bought up blue prints and a description of the manufacturing process for a new light machine gun and sent them to the United States.

Navy's Oil Wells In Arctic Region Turn Out Gushers

Olympia, Wash., April 21 (P)—The Washington State adjutant general says the Navy is striking "gushers" in one out of every seven oil wells it is drilling in the Arctic.

Brig. Gen. Ensley Llewellyn, who returned from the Arctic last year, made the statement last night in an address at the Capitol City Press club.

He said he was at liberty to reveal that Navy development of oil fields in the far north is "normal." "By normal," he said, "I mean that one in every seven wells drilled is a gusher."

The area, he added, covers 32,000 square miles within the Arctic circle, stretching out from Point Barrow, Alaska.

Warmer Weather Promised Midwest

Chicago, April 21 (P)—The mercury dropped to below freezing in parts of the midwest today but warmer weather was on the way.

Coolest spot in the north central region was Land O'Lakes, Wis., with a low of 25 above. Some sections of Northern Minnesota and Michigan reported early morning readings of around freezing, but the forecast for the region was rising temperatures.

Weather was generally fair over most of the country and temperatures were around normal.

LOCKE STILL AHEAD

Southern Pines, N. C., April 21 (P)—Bobby Locke, the south African sharpshooter, held a four-stroke margin as final 36-hole firing began in the Carolinas open golf tournament here today. Locke, defending the title he won in his first tournament appearance in this country last year, counted a 13 under par 131 at the halfway point. Yesterday he fired a 67 to go with his first day's record setting 64.

VETERAN MISSING

Traverse City, Mich., April 21 (P)—Leelanau county officers were searching a large swamp area near Lake Leelanau today for Lawrence Morio, 29, World War II veteran missing since Monday.

The "Grizzly Giant," a tree in Yosemite National Park, is 27.6 feet in diameter, 209 feet tall and more than 3,000 years old.

Preston Tucker Flies New Auto To Capital; Wants Pig Iron Plant

Washington, April 21. (P)—Preston Tucker, 43-year-old automaker from Ypsilanti, Mich., rushed the first Tucker automobile off the production lines into Washington by air to back up his bid today for a surplus government pig iron plant.

LEFTIST BLOC BROKEN UP BY VOTE IN ITALY

(Continued from Page One)

on the basis of the nearly complete returns, was 17,030,336, and in the Senate vote, final official returns, 15,282,582.

**Recovery Big Factor**  
Di Vittorio, Communist leader of the Confederation of Labor, announced he intends to ask the executive of the World Federation of Trades Unions (WFTU) to let each country decide its position on the Marshall Plan independently of Russia. This, he said, would let labor in each nation decide on the basis of the country's needs.

The move was believed calculated to avert a split in the 6,000-000-member confederation over American aid. It also indicated the powerful role American aid must have played in the elections. Jacinto Cardona, information director of the Popular Front, placed a large part of the blame for the Communist defeat on the women of Italy, who voted in large numbers. He also blamed the intervention of the Catholic church and conceded that U. S. aid was an important factor.

Philadelphia Pupils And Teachers Test Lean European Diet

Philadelphia, April 21 (P)—Fourteen Philadelphia school children and five teachers are going to live on a "starvation diet" for one week, starting Saturday, to learn at first hand how it feels to eat as many European children now do.

The experiment was planned to dramatize the fund-raising campaign of Philadelphia's Crusade for Children, campaign officials said yesterday.

During the week the children and teachers will live at a hotel under medical supervision. All volunteers, they will be given this diet daily:

Bean soup, black bread, powdered milk and a spoonful of cod liver oil for dessert.

At the end of the week the children and teachers will be guests of honor at a special banquet with all the trimmings. Others attending the banquet, however, will eat bean soup and black bread.

Former Nazi Agents Named in Espionage Charge at Belgrade

Belgrade, Yugoslavia, April 21 (P)—Fifteen alleged former agents of the Nazi Gestapo, including three who rose to power in Marshal Tito's government, were accused by Yugoslavia today of espionage.

The charges, which did not name the foreign power for which the defendants were accused of spying, were filed yesterday at Ljubljana, before a military court.

They all were said to have masqueraded as inmates of Nazi concentration camps in Germany while actually working for the Gestapo. Upon their return to Yugoslavia, the charges said, they successfully concealed their past and came to be regarded as trust-worthy Communist party members.

The defendants included: Stane Oswald, former assistant minister for industry.

Oscar Jurancich, former general secretary of the foreign affairs ministry.

Brauko Dil, former chief inspector for the economic control commission of Slovenia.

Traditional 5-Cent New York Subway Fares Are Doomed

New York, April 21 (P)—The world's biggest ride for a nickel is doomed.

Announcing a 10-cent fare for the city's subway system and a seven-cent tariff for bus and trolley lines, Mayor William O'Dwyer last night ended a tradition as old as the 44-year-old history of the Metropolitan underground railroad.

He said the higher fare would become effective July 1. The increase is expected to furnish \$81,010,000 for the city 1948-49 budget.

"I just want to show them we're actually turning out automobiles," Tucker told reporters at a news conference. The car was flown in by Tucker's private plane from the manufacturing plant in Chicago.

Tucker has been battling for months to buy a coke and pig iron plant in Cleveland. He says he needs the pig iron to swing into full mass production.

The plant now is operated by Republic Steel, which ran it during the war. Both Republic and Tucker put in bids to buy the plant last Jan. 19. War assets has not yet announced its decision.

Republic says it needs the plant and asserts if Tucker gets it several hundred foundries in the Cleveland area will lose their source of supply.

Tucker said he hopes to turn out 125 cars by June 3 and to reach a rate of 150 a day by mid-July.

He is manufacturing in a \$100,000,000 surplus plant in Chicago, on which he has made \$1-275,000 down payment, with an option to buy for \$30,000,000.

He now has 1,600 employees. He said he will have 35,000 when he reaches full production of 120 cars an hour.

Tucker charges that "big steel and automobile interests" are blocking his purchase of the Cleveland plant.

He said that he wants a "yes or no" answer from war assets on the surplus plant. He plans to confer with agency officials during the day.

"I think I'm entitled to an answer," he said.

Tucker expects to sell his rear-engine drive car in the \$1,700 to \$2,300 range.

Louis Not Worried About Joe Walcott

Bloomington, Mich., April 21 (P)—A highly confident Joe Louis declared today he expects little trouble from Jersey Joe Walcott at their re-match June 23.

The heavyweight champion, here for his preliminary training chores, had only scorn for the man who nearly beat him last December.

"Walcott ain't a good fighter," Louis said. "He's got a tricky right hand but that's about all. His right-hand punch is troublesome because he starts to move away from you, then moves back in and throws it."

That right, you'll recall, enabled Jersey Joe to floor Louis twice when they met before and nearly pull off one of boxing's greatest upsets. Louis squeaked out a hotly-disputed 15-round decision.

But Louis has his battle plans laid already for the next meeting. Boiled down, it's "catch him and tag him."

The Brown Bomber doubts Walcott's ability to "make a fight" of this return go.

"I don't think he'll want a fight," said Louis. "I believe he'll try to run away. That makes it my job to catch him and tag him."

But, despite ultra confidence, Louis declined to name the round he'll "tag" Walcott.

"It takes time before you really get into the feel of a fight and can judge things," explained the champion. "So right now I wouldn't name a round when it will end. After I move from here and train at Pompton Lakes, N. J., for a couple of weeks, I'll know more about that."

Two Los Angeles Women Jailed For Traffic In Babies

Los Angeles, April 21 (P)—Two middle-aged women were in jail today, booked on suspicion of buying babies from unwed mothers for \$200 each and selling them to married couples for as much as \$1,200.

Mrs. Marie Chaplain, 51, was arrested as she left the Glendale Community hospital yesterday. Later authorities booked Mrs. Ida Bell Drucker, 53, her cousin, of Glendale.

Both women denied any wrongdoing and said they had nothing to do with the sale of any infants.

District Attorney William E. Simpson said:

"We have been watching hospitals and have observed the transfer of infants from the mothers to couples for sums of money. A clever part of this scheme was the registration of the natural mother at the hospital under the name of the prospective adopting parents, so that the birth certificate carried that name. This obviated attempts that the natural mother might take later to recover her child."

Battleship Texas To Become Shrine

Houston, April 21. (P)—The U. S. battleship Texas today becomes a shrine of honor of Texans who have served with the nation's military forces.

The 24-year-old veteran of two wars is to be decommissioned from the U. S. Navy and presented to the state at a ceremony at the historic San Jacinto battleground.

Sawdust Produces Good Whisky, Says Chicago Chemist

Chicago, April 21 (P)—Whisky "made from wood, aged in wood" was urged today by a chemistry professor.

The stuff would be just as good as whisky from grain, and cheaper, Dr. Robert S. Aries of the Polytechnic Institute of Brooklyn told the American Chemical Society.

Good whisky could be made from petroleum wastes, too, Aries said. He thinks the customer probably couldn't tell the difference.

A plant already has been built that could "supply us with 10,000,000 gallons of ethyl alcohol from sawdust a year, or enough for 25,000,000 gallons of whisky."

Dr. Aries estimated that a ton of sawdust would yield 50 gallons of alcohol, and that 10,000,000 tons of sawdust are wasted annually. The alcohol would cost about one-third of that made from grain, he said.

Passing the alcohol through wood shavings would speed the aging considerably, he added.

REUTHER SHOT IN WINDOW OF DETROIT HOME

(Continued from Page One)

Toy ordered the Canadian border between Detroit and Windsor sealed against any escape attempt by the driver of the red sedan.

He ordered a roundup of all known Communists in the city, all Reuther's "friends and enemies" and his neighbors in the quiet northwest area where he lives. All will be questioned.

"We are leaving no one out in this investigation," Toy told newsmen, "and that includes management."

Reuther, himself, blamed "management, Communists or a screwball" for the attack.

**State Help Pledged**  
Toy said he was still in doubt as to whether one or two men carried out the attack.

The UAW-CIO's executive board met in special session, pledged by Secretary-treasurer Emil Mazey to "spend any amount of money to clear this up."

"We'll get the guy who did it if we have to turn the whole town upside down," he said.

Gov. Kim Sigler promised that the state would "do everything we can to assist in finding the perpetrators of this crime and bringing them to the bar of justice."

The 40-year-old red-haired, aggressive UAW leader has long been an avowed foe of Communism.

Currently his big auto union, which speaks for nearly 1,000,000 workers of the car plants, is pressing its new spring wage increase demand on the industry.

The injury to the UAW's chief left in question meanwhile the extent to which he can take part in his union's wage drive. Doctors said he would be hospitalized perhaps for weeks.

Reuther was shot a few minutes after returning home from a meeting of the UAW international executive board.

As he stood at a refrigerator in the breakfast nook of his home on the northwest side, a blast was fired through a window four or five feet from him.

**Wife Out Of Range**  
The charge was his right arm. One slug penetrated his chest cavity, stopping near the skin surface in the stomach area.

Neighbors said they saw a man dash out of the Reuther yard and flee in a car a moment after the shot. Police reported none could tell whether a confederate drove the car.

Reuther's wife, Mae, who had helped him prepare a snack before they were to retire, was out of the line of fire.

She and friends sped Reuther to a hospital where he spent two and a half hours on an operating table. Doctors said there were seven wounds in his arm and one in his chest.

The bone in Reuther's arm was shattered. However, Dr. Raymond A. Sokolov, Reuther's personal physician, said "we feel pretty certain he's going to have his arm."

Chief of Detectives Jack Harvill said the evidence indicated it was a deliberate attempt on Reuther's life.

It was the second attack on Reuther since he became prominent in organized labor. In 1938, in the course of a particularly stormy period of the UAW's history, he was beaten up by two men.

There have been no known threats against him recently, however.

Truck Drivers Die In Head-on Collision At Leonidas, Mich.

Leonidas, Mich., April 21 (P)—Two truck drivers were killed early today when they collided head-on a mile and half east of here on M-60.

The crash occurred about 3:30 a. m.

One of the victims, still unidentified, burned to death in the cab of his truck when the vehicle caught fire. Trooper Morton Main of the White Pigeon State Police post reported.

The other, Edson Smith of Detroit, died about three hours after the crash in the Three Rivers hospital.

Main said one of the drivers hit a cow in the highway and the impact caused him to swerve his truck suddenly. It crashed into the other truck coming in the opposite direction.

LEWIS URGES MINERS TO GO BACK IN PITS

(Continued from Page One)

junctions proceedings dismissed. Up Again Friday  
Lewis himself was not in court. He did not have to be there.

But he has another date Friday with Goldsborough. He is to appear then and hear whether the Judge will impose further fines, or even a jail sentence, on the civil contempt count.

Yesterday's fines were on a criminal contempt charge. It was pretty clear that what Goldsborough will do Friday will hinge largely on whether the miners are back at work by then.

Last night Lewis sent telegrams to all district union presidents saying it was his wish that the miners go back to work. The district presidents were passing the word along to individual miners.

There still was widespread idleness in the coal fields today. Many miners obviously were sore over the whopping fines Goldsborough imposed. But signs were strong that normal operation of the mines may be resumed within a few days at the latest.

On the contempt charge, the situation is this: Lewis and the UMW were found guilty of both civil and criminal contempt. Goldsborough levied the fines only for criminal contempt. On Friday, he will decide what penalty should be imposed for the civil contempt. So the Friday date hangs as a weapon over the heads of Lewis and his miners.

**Some Diggers Angered**  
By contrast with the sessions for Lewis' trial and sentencing, the proceedings in Goldsborough's court today were a drab business. It was largely a matter of technical legal arguments.

Before the lawyers got down to these, the government put coal mine operators on the stand to testify that many soft coal miners still were idle yesterday.

A majority of the 400,000 soft coal miners returned to work April 12, after telegrams from Lewis said their \$100 monthly pensions for aging workers had been granted. But the court tug-of-war angered some, and there was a wave of protest walkouts yesterday.

"The men cannot risk their lives to dig coal when they know the government is against them," was the early reaction of David Fowler, president of district 21 in Arkansas and Oklahoma.

But the Lewis telegram late yesterday sent Fowler, along with the other district presidents, into action.

Lewis himself refused to talk and his aides here said they knew nothing about the quiet appeal to get the miners back on the job.

But from the coal towns came the word that district heads had received this telegram from Lewis:

"We are today (Tuesday) executing bonds perfecting appeals. I do hope you will convey to each member my wish that they immediately return to work."

What Lewis referred to in the telegram was the posting of a \$1,420,000 bond—the amount of his and the union's fine—as the first step in an appeal which will be carried to the supreme court if necessary.

IT'S KRAMER AGAIN

Grand Rapids, Mich., April 21 (P)—Jack Kramer won his 51st tennis match from his pro opponent Bobby Riggs here tonight, 9-7, 6-2. In the other singles match in the tennis exhibition, Poncho Segura beat Dinny Patis 6-3, 6-2. In the doubles match, Kramer and Segura combined their talents to win 6-0, 5-7, 6-2.

CHICAGO PRICES

**CHICAGO BUTTER**  
Chicago, April 21 (P)—Butter, steady; receipts 723,659; prices unchanged.

**CHICAGO EGGS**  
Chicago, April 21 (P)—Eggs, irregular; receipts 38,566; prices unchanged except 1/2 cent a dozen lower in dirties and on checks at 38.5.

**CHICAGO POTATOES**  
Chicago, April 21 (P)—(USDA)—Potatoes: Total U. S. shipments 980,000; arrivals 136; on track 316; supplies moderate; demand light; market dull; almost no new sales to date; Colorado Red McClure, \$5.65; Idaho Russet Burbank, U. S. No. 1, \$6.40, utilities, \$4.00 to \$5.25; Nebraska hill triumphs, \$5.00; new stocks: California long whites (100 lb. sacks) \$7.75 to \$8.25, (50 lb. sacks) \$4.00 to \$4.10; Texas bliss triumphs (50 lb. sacks) \$5.50 to \$4.25.

**CHICAGO LIVESTOCK**  
Chicago, April 21 (P)—(USDA)—Salable hogs 11,000, total 11,200; active and uneven; averaged 50 to 75 cents higher; some early sales only 25 cents up but some closing sales \$1.00 higher; bulk good and choice 170 to 240 lbs. \$22.50 to \$23.50; top \$23.75; good and choice \$20 to \$21.50; \$21.25 to \$22.25; 280 to 300 lbs. \$19.75 to \$21.00; 325 to 400 lbs. \$18.50 to \$19.75; sows \$18.00 to \$23.50; carcasses and cutters \$17.00 to \$18.25; good weighty sausage \$24.50 to \$24.75; few choice veal-ers \$25 to \$26; common to good kinds \$16.00 to \$22.00.

**CHICAGO CATTLE**  
Chicago, April 21 (P)—(USDA)—Salable calves 600, total 600; steers and heifers grading high-good and better; active, strong to 25 cents higher; medium to average-good kinds slow steady to 25 cents lower; cows mostly 25 to 30 cents lower; bulls strong to 25 cents higher; choice vealers steady. Grades \$1.00 to \$2.00 lower; top \$31.75 for two loads choice 1,225 to 1,375 lb. steers; most good and choice fed steers \$27.50 to \$31.00; medium to low-grade kinds \$25.00 to \$27.25; choice heifers \$29.75 to \$31.00; most good grades \$27.00 to \$28.00; bulk beef cows \$19.00 to \$23.50; carcasses and cutters \$13.50 to \$18.25; good weighty sausage \$24.50 to \$24.75; few choice vealers \$25 to \$26; common to good kinds \$16.00 to \$22.00.

**CHICAGO SHEEP**  
Chicago, April 21 (P)—(USDA)—Salable lambs 1,500, total 1,500; slaughter lambs moderately active; better sales fully steady; about three loads good and choice wooled lambs around 165 lbs. down \$20.50; load or so good and choice unwooled lambs around this price; medium to good wooled lambs \$23.00 to \$25.00; deck good to choice 96 lb. short lambs \$20 to \$21 and 2 pelts \$24.50; few medium fresh-lamb lambs \$18.00; ewes nominally steady.

## U.S. MAY PUT TROOPS IN HOLY LAND

BANK CLOSING  
ON SATURDAYS  
STRIKES SNAGSTATE COMMUNITY  
PROPERTY LAW  
IS REPEALED

Lansing, April 22 (AP)—Repeal of the ten-year-old Michigan community property law today had House approval but the Senate had to pass on an amendment before it goes to the governor.

To the measure, already passed by the Senate, the House attached a proviso permitting couples to continue to hold in common property acquired while the law was in effect. To do so, the couples would have to file a notice to that effect with their county register of deeds within a year.

If the Senate approves of the amendment, husbands and wives would only have to "sit tight" to permit their earnings to return to the old system.

"Members of this legislature need not apologize for approving community property last year," said Rep. Howard R. Carroll (R-Mt. Clemens), "Michigan's adoption of community property was considered in Washington as the step that broke the camel's back and forced Congress to write it into the federal income tax law."

**School Aid Debated**

The state law was passed to permit husbands and wives to split their income and thus pay lower federal taxes.

Opposition of rural members to a bill which would permit closing banks on Saturdays nearly killed it in the House yesterday.

Endorsed by Governor Sigler as an aid to personnel problems of metropolitan areas, the measure drew 49 favorable votes, 24 short of the needed majority. Backers kept it breathing by having it on the table where it can be reconsidered.

A Senate approved bill providing a retirement system for judges was due for House debate today (2 p. m.) after a favorable report by committee.

A major item in Sigler's legislative program, the bill would provide for voluntary retirement up to 70 and virtually require retirement after that age.

Also scheduled for debate was the important school aid bill appropriating more than \$70,000,000 to local school districts. The House Ways and Means committee struck from the Senate-approved bill.

## Hot Tip Given In Reuther Gunman Hunt

**UNION LEADER SHOT**—Faced with possibility of never regaining use of his right arm, Walter P. Reuther, president of the UAW, rests in bed at Grace Hospital, Detroit, following attempt on his life. Reuther was shot in right arm and chest by unknown assailants who fired through labor chief's kitchen window. (NEA Telephoto)

Increased Auto Tax  
Measure Pushed As  
Sigler Backs Down

Lansing, April 22 (AP)—Governor Sigler's abandoning his months-old bid against higher taxes, yielded Wednesday to legislators' demands and allowed them to consider increased automobile license (weight) taxes.

Sigler insisted he changed his mind without outside help, but legislative leaders thought he had given in to break a squeeze-play aimed at his legislative program. Sigler's bills have been getting much better consideration in the last few days.

The Governor coupled his retreat with a suggestion that special consideration be given to whether commercial vehicles are paying their proper share of highway costs.

He demanded also that the legislature consider a more "equitable" distribution of highway taxes, a platform which always has stirred bitter urban-rural controversy.

Hopes for a Friday adjournment of the legislature appeared to evaporate as Sigler made his sudden reversal. The Senate already had withdrawn its agreement to adjourn Friday, but the House still was insisting it could get through. Observers believed differently.

Struggling for months to get the road tax increase past Sigler's roadblock, the legislature moved quickly when he retreated.

Minutes after the governor's message was read, Rep. A. P. Decker (R-Decker) introduced a bill to increase the weight tax on passenger cars from 35 to 50 cents a hundredweight and on trucks 35 per cent.

TRUMAN FILLS  
CABINET CHAIROhio Lawyer Offered Job  
Of Commerce Secretary

Washington, April 22 (AP)—President Truman today nominated former ambassador Charles Sawyer of Ohio to be secretary of commerce.

Presidential Secretary Charles G. Ross said Sawyer's nomination probably will go to the Senate today, along with that of W. Averell Harriman to be "roving ambassador" under the European recovery program.

Mr. Truman offered the commerce post to Sawyer by long distance telephone last night after Harriman agreed to give up that position to take over the ERP job.

Ross said Sawyer telephoned Mr. Truman today from his home at Cincinnati to accept the appointment.

Dredge Gen. Meade  
Is Sold For Scrap

Grand Haven (AP)—The General E. G. Meade, dredge which has been lying in the government basin here for several months, has been sold to the Woodmere Scrap Iron and Metal Co. of Detroit.

POLICE CHECK  
OVER ENEMIES  
OF UAW CHIEFREWARD IN DETROIT  
AMBUSH SHOOTING  
NOW \$117,900

Detroit, April 22 (AP)—Police said they are working on a "hot tip" today in Detroit's great manhunt for the gunman who shot the CIO's Walter P. Reuther.

Chief of Detectives Jack Harvill said three union members would be brought in for questioning at once. He did not identify them further.

"We have a hot tip," Harvill told newsmen. "It looks good. That's all I can say."

His officers, meanwhile, checked an empty shell that may have come from the shotgun in the hands of Reuther's assailant.

It indicated, they theorized, that more than one man took part in the assault that nearly cost the CIO United Auto Workers' president his life Tuesday night.

Reuther, on a fruit juice diet in the hospital, was said by his physician to be "doing fine." His right arm was shattered by the blast and his side was injured.

**Dozens Questioned**

William Munford, a 16-year-old neighbor, found the empty 16-gauge shell near the curb on a street not far from Reuther's home. Witnesses said the getaway car—a red sedan—traveled at high speed down the same street.

Detectives—There are 40 of them assigned to Detroit's greatest manhunt—said the shell apparently was thrown out the right window of a car. If it came from the red sedan, they added, it might mean that another man besides the would-be killer was at the wheel.

Sifting through the pile of possibilities, officers questioned dozens of the friends and enemies of the fiery union leader had made on his climb to the presidency of the CIO United Auto Workers.

But despite the offer of rewards totalling \$117,900—per-

(Continued on page 9)

Government Drops  
Meatless Tuesday

Washington, April 22 (AP)—The government today dropped "meatless Tuesday" but in a new appeal for food conservation called upon people to observe a meatless day of their own choice.

The "meatless Tuesday" campaign was started last fall by a citizens food committee headed by soap manufacturer Charles Luckman.

The agriculture department said there still is need for food saving by both families and public eating places. Proper conservation can do much, it said, to check rising food prices, to help build new food reserves, and to make supplies available for hungry areas abroad.

Sailors Will Get  
Conventional Pants,  
Lose Buttoned Cuffs

Washington, April 22 (AP)—Sailors' dress uniforms soon will be minus the famous 13 buttons on the trousers and buttoned cuffs on the jumpers.

Instead new dress blues, which will be issued in a few months, will have conventional-front trousers with hip and slash side pockets. Coat style sleeves will replace the buttoned cuffs.

Owner Dies In Fire  
At Jack Pine Lodge

Blaine Brannon, 57, former conservation officer in charge of the Cusino Game Refuge and owner of the Jack Pine Lodge 27 miles north of Manistique on M-94, was burned to death in bed when fire demolished his residence at the lodge about 9:30 last night.

Brannon, the only person in the small knotty pine home at the time of the mishap, had retired at about 9 o'clock, and the fire is believed to have started a few minutes later from an oil burner explosion.

The blaze was first noticed by Virgil Faircloth, of Munising, former state trooper and visitor at the lodge last evening, and by Mrs. Brannon and Miss Elsie Mahilac, a waitress, who were at the lodge

Lewis May Have  
To Foot Bill On  
Miners Pensions

Washington, April 22 (AP)—John L. Lewis today was reported leaning toward a delay in starting his \$100 a month miners' pension fund in the face of blunt notice he might have to pay the bill himself.

Sources close to the mine leader said it is doubtful an afternoon meeting of the miners' welfare fund trustees will be held as scheduled.

Lewis presumably called the conference to adopt rules and regulations for paying \$100 monthly pensions from the still untapped \$32,000,000 welfare fund.

The report of a possible delay in pensions came as soft coal diggers streamed back to the pits in answer to Lewis' return-to-work call.

Persons close to Senator Styles Bridges (R-NH) and Ezra Van Horn, pension fund trustees along with Lewis, echoed reports to-

day's meeting probably would be put off. Bridges is the neutral trustee.

Ezra Van Horn, the third trustee, representing the coal mine owners, filed suit yesterday asking that Lewis and Bridges be held personally liable for any money spent from the fund on the Lewis-Bridges pact terms.

Van Horn said the plan is illegal under the Taft-Hartley labor act for two main reasons:

1. Bridges never had any legal right to vote on how the money is to be spent, because the law says the employer representative is the one to do the agreeing—and Van Horn disagreed to the Lewis-Bridges plan.

2. The reason he disagreed to it was that it would pay pensions to miners for whom no contributions have been made to the fund. He said this, too, is barred by law.

Meanwhile the coal strike appeared to be waning in the face of a federal court injunction that it end. Lewis already has been fined \$20,000 and his United Mine Workers Union \$140,000 for criminal contempt for failing to obey an original restraining order.

And the federal judge who did the fining, T. Alan Goldsborough, has ordered Lewis to be back in court tomorrow morning for sentencing on civil contempt of the strike-end order. There was every indication it would go hard for Lewis if his men aren't back by then.

But union leaders in the coal fields were predicting the miners would man the pits in heavy numbers today. About 300,000 out of the 400,000 were idle yesterday—even in the face of instructions from Lewis himself to go back.

**LATIN AMERICAN  
TALKS RESUMED**

Envoys Move Back Into Battered Bogota

By JOSEPH F. McVOY  
Bogota, Colombia, April 22 (AP)—The Pan American conference, tentatively scheduled to close April 30, moves back to the national capital today amid efforts to reach an agreement on the colonial question.

The United States differed with three Latin American nations yesterday in debate on an Argentine resolution demanding that outside countries give up their colonies in the western hemisphere. Secretary of State George C. Marshall expressed the U. S. view, opposing the resolution.

A committee was appointed to draw up a resolution acceptable to all the 21 delegations to the ninth international conference of American states.

The conference began March 30 in the capital. An uprising April 9, officially blamed on the Communists, disrupted the conference, but five days later the meeting was resumed in a suburban preparatory school.

**Painesdale Miners  
Await Pay Ruling**

Lansing, April 22 (AP)—The state supreme court reported today it expected to act within 30 days on the Copper Range Mining company's petition for a rehearing of the court's decision granting unemployment compensation to 700 Painesdale miners.

The court earlier ruled the miners were entitled to the benefits even though they were thrown out of work when the company mine shut down because of the miners' refusal to accept a wage cut.

**BURGLARS GET \$503**

East Lansing, April 22 (AP)—State police reported that burglars looted the Harry Zimmerman grocery store at Mulliken Wednesday night and escaped with \$503 in cash.

**Owner Dies In Fire  
At Jack Pine Lodge**

Blaine Brannon, 57, former conservation officer in charge of the Cusino Game Refuge and owner of the Jack Pine Lodge 27 miles north of Manistique on M-94, was burned to death in bed when fire demolished his residence at the lodge about 9:30 last night.

Brannon, the only person in the small knotty pine home at the time of the mishap, had retired at about 9 o'clock, and the fire is believed to have started a few minutes later from an oil burner explosion.

The blaze was first noticed by Virgil Faircloth, of Munising, former state trooper and visitor at the lodge last evening, and by Mrs. Brannon and Miss Elsie Mahilac, a waitress, who were at the lodge

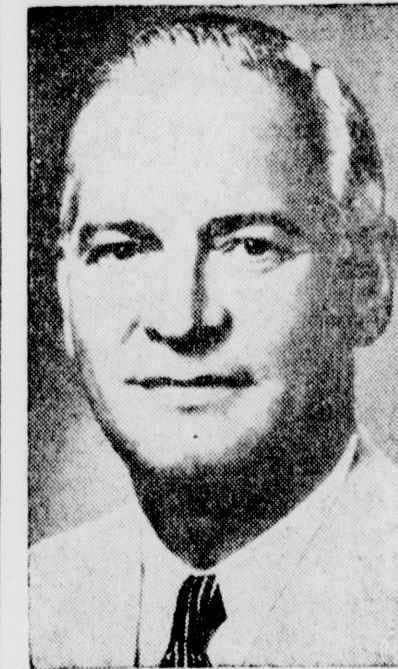

They saw the reflected glare on the tavern window and rushed to the burning building. It was reported, but the fire had gained too much headway to permit a rescue. The entire main room of the residence was ablaze.

Faircloth broke into the building and pulled Mr. Brannon's body out. Coroner George Morton reported this morning following his investigation that no fluequest was necessary.

The body was taken to Morton's funeral home in Manistique, and burial arrangements will be announced later.

**QUAKES JOLT ISLAND**

Ciudad Trujillo, Dominican Republic, April 22 (AP)—Several earthquakes shook the island of Hispaniola yesterday. No casualties and only slight damage was reported.

**GOP KEYNOTER**—Gov. Dwight H. Green of Illinois will be the keynoter at the Republican Convention in Philadelphia, June 21.

BIG AIR POWER  
PLAN TRIMMEDBargain Rate Proposal  
Offered Congress

By EDWIN B. HAAKINSON  
Washington, April 22 (AP)—The administration laid a "bargain rate" air power compromise before Congress today aimed at giving the country 11 more fighting groups at a cost of \$481,000,000.

Secretary of Defense Forrestal whipped up the proposal in a fresh effort to keep the Senate from following the lead of the House in insisting on a full 70-group air force.

Forrestal's plan calls for a 66 group program and a three-year national defense outlay of \$46,000,000,000.

Chairman Gurney (R-SD) of the Senate Armed Services committee told a reporter he thinks Congress should accept the Forrestal offer.

He called his committee into another closed-door session today (10:30 a. m. EST) to try to win approval for the air force program and then turn to the equally hot issues of a temporary draft and universal military training.

Forrestal demonstrated by his compromise offer late yesterday that he can switch his strategy.

Previously he had insisted that a strengthened 55-group air force would be enough. Then some of his subordinates—Secretary of Air Symington and a group of air force generals—plunked for the 70-group program. It was rushed through the House as part of a money bill.

**Old Red Capital,  
Yenan Abandoned  
By Chinese Troops**

Nanking, April 22 (AP)—China today gave up the old Communist capital, Yenan, after little more than a year of occupation. The withdrawal caught the nation by surprise.

The government explained that it pulled out of the famous old cave city in north Shensi Province to place its troops more favorably. It anticipates an onslaught of Red Gen. Peng Teh-Huai, who has been threatening to carve a gateway into Szechuan Province.

Abandonment of Yenan underscored the gravity of the government's position in the northwest. It also gave credence to reports that both the governor of Shensi Province and the northwest military commander, Gen. Hu Tsung-Nan, had been removed.

**Iron Ore Companies  
Lease State Lands  
For Explorations**

Lansing, April 22 (AP)—Two thousand acres of state land were leased by five iron ore companies for one exploration recently, the state conservation department said today.

The leases covered more than a third of the lands offered. Pickands-Mather and Company, Hanna Steel Company, M. A. Hanna Company, Republic Steel Corporation and the Cleveland-Cliffs Iron Company paid bonuses of \$1,750 for the leases in addition to standard rentals.

**Guardsmen to Help  
Fight Forest Fires**

Lansing, April 22 (AP)—The state conservation department reported today it has developed detailed plans for assistance of the Michigan National Guard in the event of serious forest fires in Michigan.

Citing the necessity of a combined operation if Michigan ever were visited with fires such as swept Maine last fall, the department said it had negotiated with the guard for standard operating procedures aimed at smooth and speedy mobilization of the guard.

**QUAKES JOLT ISLAND**

Ciudad Trujillo, Dominican Republic, April 22 (AP)—Several earthquakes shook the island of Hispaniola yesterday. No casualties and only slight damage was reported.

HAIFA SEIZED  
IN BATTLE BY  
JEWISH ARMYFORCE TO PROTECT  
AMERICANS ASKED  
BY TRUMAN

Haifa, Palestine, April 22 (AP) Jews virtually seized control today of Palestine's richest port city of Haifa after heavy all-night fighting.

"It was a massacre," said one Arab spokesman. "It was another Stalingrad. We were not prepared."

By request of the British, the Jewish military force Haganah issued a cease-fire order shortly after noon.

A Haganah spokesman said terms handed the Arab national committee included:

Disarmament of all Arab forces and surrender of all arms.

Freedom of movement in all parts of Haifa with an end to sniping and roadblocks.

Delivery of all foreign Arab troops to Haganah for immediate deportation.

Surrender of all German Nazis.

A 24-hour curfew during which the Arab disarmament would be carried out.

All persons to return to their normal pursuits.

A guarantee that Arabs could carry on their lives and work as free and equal citizens of Haifa and enjoy all municipal services.

The security of Haifa outside British zones to be maintained by Haganah.

Haganah orders to be binding on both Arabs and Jews.

There was every indication from Arab sources that Arab national committee members still in Haifa will accept the Haganah conditions.

**By JOHN M. HIGHTOWER**  
Washington, April 22 (AP)—Administration officials predicted today that President Truman will ask Congress to approve any use of American troops to police Palestine.

This apparently does not rule out the chance that the president might in an extreme emergency, order limited forces into the Holy Land.

(Continued on page 9)

Sturgeon Bay Man  
Convicted by Jury  
For Killing Widow

Sturgeon Bay, Wis., April 22 (AP)—William Drevs, 50, was summoned into circuit court today for sentencing on his conviction by a jury of first degree murder in the cremation slaying of an aged, wealthy widow.

The guilty verdict by the jury of 10 men and two women yesterday followed testimony by two physicians that they believed Mrs. Sadie Cody, 85, was alive when Drevs placed her body in a blazing furnace on April 2.

District Attorney Edward Minor said Drevs, who lived in an apartment owned by Mrs. Cody, admitted the slaying when taken into custody April 6. He said he beat her when she refused to loan him money and then carried her to the basement and stuffed her body into the furnace. He insisted, however, she was dead at the time he burned her body.

## MARTIN GIVEN PRISON TERM

Leaving Accident Scene Brings 1½ Years

George Martin, 53, of Escanaba north bay shore, today was sentenced to prison at Marquette for one and one-half to five years, with a recommendation of the minimum, by Judge Glenn W. Jackson after receiving Martin's plea of guilty to a charge of "leaving the scene of accident without stopping to give assistance."

Martin had confessed to Escanaba police that he was the driver of an automobile that killed Mike Kenovich on the north bay shore road early the morning of March 30. Kenovich died of the injuries he suffered, and Martin attempted to brush out car tracks and otherwise cover up evidence connecting him with the accident.

Judge Jackson in recommending the minimum sentence of one and one-half years, told Martin that with good behavior it might be possible for him to be free within 13 months. Martin in his confession said that he had been drinking, and that he had not seen Kenovich lying in the road until he was too close to stop his car.

Also sentenced today by Judge Jackson was Fred Hengst, who was given a two-year probationary term for breaking and entering the Silver Front tavern in Escanaba. Hengst was ordered to pay \$10 to the Silver Front tavern, \$25 circuit court costs, and \$30.35 justice court costs, all within 60 days.

## Perfect Shipping Is Discussed At C&NW Conference

Methods of generally improving freight service and prevention of damage and loss to shipments was the subject of a conference here yesterday between local employees of the Chicago and North Western Railway and officials from the railway's general offices in Chicago, who are touring key shipping points in eight states on a large scale educational program.

The campaign is part of the railroad's program in cooperation with the National Shipper Advisory Boards in the observation of "Perfect Shipping Month" during April, designed to bring about increased efficiency in freight handling and procedures.

T. E. Adamson of Chicago, freight claim agent, A. M. Rice of Chicago, supervisor of loss and damage prevention, and H. A. Wetter of Clinton, Iowa, freight service inspector, conducted the meeting which involved the use of motion pictures, illustrated talks and printed material.

T. M. Cassidy, superintendent, presided as chairman. In attendance from neighboring cities were Agents A. P. Johnson, Negaunee, J. E. Dunn, Marquette, A. Cullen, Peshigo, E. N. Olsen, Ishpeming, R. W. Keene, Menominee, E. G. Bandt, Iron Mountain and Warehouse foreman C. Ewald, Marquette.

This year's Perfect Shipping campaign marks the twelfth consecutive year in which the railroads, Shippers Advisory Boards, and other organizations such as traffic clubs, chambers of commerce, and express agencies combine their efforts to improve shipping methods and handling.

## College Students Hold Christian Assembly, May 1

Some 1200 student delegates from colleges and universities over Michigan will meet in East Lansing, Saturday, May 1, to attend the Michigan Student Christian Convocation at Peoples church.

Theme of the Convocation, which is the first inter-denominational statewide meeting of its kind in Michigan, is "The Christian Concept of the University."

Outstanding Christian leaders who will address the student convocation are:

Professor Arnold Nash, Chapel Hill, N. C., chairman of the Department of Religion at the University of North Carolina, and author of the book, "The University and the Modern World." Bishop Richard S. Emrich, Detroit, Protestant Episcopal Bishop of the Diocese of Michigan, and John Deschner, executive secretary of the United Student Christian Council.

## TROUT SEASON OPENS APRIL 24

Water Levels Are Fairly High And Roads Good

The 1948 trout fishing season will open Saturday, April 24, and fishermen will find water levels on the smaller streams and rivers fairly high, with back-country roads pretty well dried out in the Delta county area.

There are few changes in the trout fishing laws that will affect the Upper Peninsula fishermen. One change is the trout stamp required by trout fishermen, another is the addition of a number of designated trout lakes and streams, and another is the setting of specific trout season dates—April 24 to Sept. 12.

Among the many streams popular with trout fishermen are the Haymeadow, Eighteen Mile, Days, and others. The upper reaches of the Escanaba river are also considered good trout fishing waters, but they are apt to be high at the opening of the season.

Conservation officers point out that the purchase of the trout stamp is every bit as necessary as the fishing license this year. The stamp is a supplemental license permitting the taking of brook, brown and rainbow trout, and it must be attached to the regular fishing license, just as the duck stamp is attached to the hunting license. Trout stamp revenue is earmarked specifically for the propagation of trout, and planting of trout in trout streams.

The minimum size for brook, brown and rainbow trout is still 7 inches. The possession limit is 15 trout, but not more than 10 pounds and one fish. In designated

## STUDY WAGONS IN HUTTE CASE

Bring Two Vehicles To Delta Court House

A Delta county circuit court jury hearing testimony in the \$40,000 personal injury suit of Gordon Hutte of Brampton vs. Mr. and Mrs. Alphonse Beauchamp of the Fairfield Dairy, Brampton, today viewed one of two wagons from which the plaintiff claims he fell and sustained serious injuries to his left shoulder.

The wagon viewed today is owned by the Beauchamps. It is the claim of the defense that Hutte did not fall from the Beauchamp wagon on Aug. 14, 1944, while employed by the Beauchamps, but from a wagon owned by Joseph Martin, a neighboring farmer. Yesterday the jury inspected the Martin wagon.

Both wagons were brought to Escanaba on trucks. The wagons were used in hauling grain to a threshing machine on the Fairfield Dairy farm at the time of the accident.

Hutte claims that he tripped on a piece of wire and fell from the Beauchamp wagon. He suffered injuries that required his hospitalization, and the testimony of a doctor, a plaintiff's witness, was that Hutte now has a permanent disability.

It is the claim of the defense that Hutte's fall was the result of his own negligence, and that the fall did not occur from the wagon owned by Beauchamp.

Ralph Baysinet, farmer of the Brampton community, today testified that he saw Hutte jump down from the wagon, using a pitchfork handle to assist him in alighting. Hutte fell forward on the ground, he said. Hutte had been pitching bundles of grain from the wagon onto the conveyor belt of the threshing machine. Baysinet also testified that Hutte told him, after he returned from the hospital, that he did not know what had caused him to fall.

The case is expected to go to the jury this afternoon.

trout lakes, the possession limit is 10 trout, or 10 pounds and one fish.

Most conservation officers in the Upper Peninsula report that "normal" spring levels are expected on lakes and streams for the opening of the season. Last year most of the trout lakes were still covered with ice on the opening day, but all lakes are expected to be open by Saturday.

## Frank Kahl, 84, Of Menominee, Dies

Frank Kahl, 84, a pioneer resident of Menominee, and father of Mrs. William O'Connell, sr., and John Kahl of this city, died last night at 9:30 o'clock at his home.

Mr. Kahl was born in Austria and had lived in Menominee since he was 18 years old. He leaves his wife and five children: Mrs. O'Connell and Mr. Kahl of this city, and Clarence, Leo and Mrs. Mathilda Engler, of Menominee; 14 grandchildren and 5 great grandchildren.

Funeral services will be held in Menominee Saturday morning. Mrs. O'Connell and Mr. Kahl left last night for Menominee, immediately following word of their father's death.

## Four UP Men Join Army At CES Here

Four Upper Peninsula men have enlisted for military service at the Central Examining station in Escanaba, it was announced by Major Edwin C. Lee, today.

Two men enlisted for duty with the engineering corps, one with the 82nd airborne and one with the U. S. Air Force. Two of the enlistees were veterans.

Enlisting in the air forces was Ronald E. McEachern, son of Mrs. Pearl McEachern, of Gulliver. He enlisted for three years and has reported to Chanute Field, Ill., as a sergeant. McEachern is a veteran of three years army service.

Wallace R. Carpenter, son of Mrs. Hazel Rupert, of Newberry, enlisted in the 82nd airborne division for five years, and went in with the grade of Pfc. Carpenter, whose wife and son, Thomas reside in Coronado, Calif., is a veteran of three years in the Marine Corps. He reported to Fort Bragg, N. C., for a refresher course.

Enlisting in the corps of engineers were Kenneth R. Niva, son

## Delta PTA Members Discuss Children And PTA Programs

A discussion of child behavior by Mrs. Wallace Watt and a panel discussion of various PTA activities highlighted a meeting, last night, of representatives of the Delta County PTA units. Mrs. A. W. Erickson, district chairman, presided.

"Attitudes of children begin much earlier than is supposed by most parents," explained Mrs. Watt, who urged every member to consider that every action of a child is due to some inner urge or emotion and that it must be regarded in that light. Stressing that she did not believe in physical punishment, the child consultant told the assembled 40 odd members that every child should be treated as an individual person and that all discipline should be consistent.

"To instill a feeling of worthiness is highly important in child training," said the speaker. "The easiest way to accomplish that is by accepting ourselves, with our limitations, and to create an appreciation for the imperfections of others."

During the discussion following

the short talk by Mrs. Watt, several PTA members raised the question of where discipline and self expression meet.

Mrs. Watt stated that for the child's own happiness, certain limitations should be prescribed and taught to him. "I do not feel however, that a child's discipline should be based on the parents' desires at the moment rather than a consistent pattern of acceptable conduct," commented the consultant.

Mrs. Lawrence Erickson, president of the Escanaba PTA unit, Mrs. Byron Braam, district historian, Mrs. Charles Sedquist, Pine Ridge PTA president, and Mrs. Roy Swanson, Jefferson school PTA president, discussed publicity and publications, programming, hospitality, membership and money raising projects, in a panel.

Mrs. A. W. Erickson cited the objectives of the PTA and placed emphasis on the child as their primary concern.

Mrs. Vincent Lewis and Mrs. Edward Stratton received visiting PTA members and Mrs. Barnett

## SCHOOL STUDY GROUP NAMED

### Three Townships Plan Reorganization

Appointment of a tri-township committee to study a school reorganization plan for Ensign, Bay de Noc and Masonville townships was announced today by Sheldon Cobb of Stonington, chairman of the group.

The committee is composed of the following members: Ensign, Mrs. Earl Kaiser, Mrs. Oscar Carlson, Joseph Wolf and John Wolf; Bay de Noc, Mrs. Helen Stiefids, Mrs. Iver Granskog, Mrs. Wilmer Larson and Emily Pedersen; Masonville, Joseph Casimir Hugo Brannstrom, Rev. Serge Hummon, Paul Bowers and Dean Lind.

Mr. Bowers, superintendent of the Masonville township schools, and Hagle Quarnstrom, county school superintendent, will meet Friday at Marquette with George Gilbert of the state department of public instruction. They will draft a budget for the proposed reorganized agricultural school district, which would comprise Masonville, Ensign and Bay de Noc townships. The budget will then be presented to the study committee at a meeting to be

held at the Rapid River high school Monday night, April 26.

Under the proposed reorganization plan, seventh and eighth graders, as well as high school students, would be transported from the three townships to the central school at Rapid River. Installation of facilities for the teaching of home economics, agriculture, shop and other vocational courses is also planned.

### Don't Mail Money For G. I. Insurance Payments, Vets Told

Veterans needlessly take the chance of losing their money and their insurance protection when they mail cash to pay premiums on National Service Life Insurance policies. H. A. Mosher, manager of the U. P. Veterans Administration, warns.

A number of NSLI policyholders continue to send cash to VA branch offices for premium payments. Early in March, the VA branch office in New York City received an envelope with \$1,700 in \$100-bills, to be applied to a veteran's insurance account.

A veteran making his insurance payments in cash through ordinary mail has no way to prove he made the payment, in the event it fails to reach VA, it was pointed out. Failure to receive the money leaves VA no choice but to lapse the policy.

Veterans are urged to use

**EIGHTY YEARS OLD — E. C. Voght**, veteran Escanaba druggist, and leading Upper Peninsula conservationist, observed his 80th birthday anniversary Wednesday, April 21. A family dinner party at the Dells marked the day.

## Obituary

**ARTHUR M. WIED**  
Funeral services for Arthur N. Wied, 60, of Suring, Wis., father of Mark Wied, of Escanaba, were held at 10 yesterday morning in St. Michael's church in Suring, and burial was made in Bear Creek, Wis., where the Wied family had resided for many years.

Mr. Wied was killed in an automobile accident on US-41 west of Winnetka, Ill., Saturday. The auto driven by Mr. Wied struck the rear end of a parked semi-trailer truck. His son, Nathan, 25; wife, Mrs. Mary Wied, 59; Mrs. Thelma Wied, wife of Nathan, and their son David, one and one-half years old, were taken to the Evanston, Ill., hospital for examination and treatment for minor injuries but have been released. It was reported this morning.

**ATTORNEY JUDD YELLAND**  
The body of Attorney Judd Yelland, prominently known Delta county civic leader, who died Wednesday, will be in state at the Alto funeral home Friday afternoon at 2 o'clock. Services will be held Saturday afternoon at 2 o'clock at the First Presbyterian church, Rev. James H. Bell officiating, and cremation will follow.

In accordance with one of Mr. Yelland's final requests, friends of the family are asked to make

donations to the Delta county cancer fund in place of floral offerings in his memory.

**MRS. OSA EDGER**  
Funeral services for Mrs. Osa Edger, who died Wednesday, will be held at 9 o'clock Saturday morning at St. Patrick's church. Father Martin B. Melican offering the funeral mass. Burial will be in Holy Cross cemetery. The body will be in state at the Degnan funeral home this evening at 7 o'clock. Members of St. Patrick's Guild will meet at the funeral home at 3 p. m., Friday to recite the rosary.

**MRS. CELINA ST. PETER**  
Final rites for Mrs. Celina St. Peter will be held Friday at 9 a. m., at St. Patrick's church, Father Sebastian Maier of St. Ann's church officiating, and burial will be in Holy Cross cemetery. The body is in state at the Alto funeral home.

### Mead Corporation Reports Earnings

The Mead Corporation and its consolidated subsidiaries announce earnings for the first twelve weeks of 1948 ended March 21st of \$1,012,498.89 amounting after preferred dividends to \$1.43 per common share. This compares with \$1,139,440.55 and \$1.61 per common share a year ago. Sales were \$19,617,223.12 for the period against \$16,443,726.46 for the same period last year.

### No Bathing Beauty, Bacall in Doghouse

Hollywood, (AP)—Lauren Bacall is in the Warner Brothers doghouse because she refused to appear in a movie wearing a bathing suit.

"I'm not a bathing beauty; I'd be embarrassed," the actress wife of Humphrey Bogart said before she put to sea with Bogey in his boat.

Warners said Lauren was assigned the feminine lead in "The Girl From Jones Beach," that she said she would not work in the film, and that she failed to report for the first scenes.

The studio placed her on the inactive list. Meaning: No money under terms of her contract until the matter is squared.

### Italy Rejects Reds

THE overwhelming rejection by the Italian voters of Communist rule offers great encouragement to advocates of democracy who are opposing Communism in so many places throughout the world.

The Communists threw everything they had in the Italian election campaign because Italy provided the key to Communist expansion in Europe. Moreover a victory for the Reds in Italy would have given Russia a direct link to Mediterranean control and open the road to Moscow's dominance of the entire European continent.

The victory for the anti-Communists, gratifying as it is, does not justify complacency. After all the Communist forces, with a left-wing Socialist coalition, polled approximately one-third of all of the votes cast in the Italian election. The Communist fifth-column in Italy is well organized, ruthless and backed with enormous support from the Kremlin. The Reds control the labor unions in Italy and thus are in a position to foment a series of crippling industrial strikes to wreck economic recovery in Italy.

Vice Premier Giuseppe Saragat has announced that the Communists will not be admitted into Italy's new government. This position is satisfying to the supporters of democracy, but it may be followed by a Communist effort to use force and violence to grab the reins of governmental authority. If so, that force must be resisted with greater force and the United States must be prepared to vigorously support the democratic Italian government in such a campaign.

The result of the election does not guarantee that Italy shall remain free of Communist enslavement, but it does provide encouragement in the unceasing battle against the Reds.

### The Rat Problem

MARINETTE is busily engaged in the most aggressive rat eradication campaign in its history, a two-fold program that is designed to kill a large percentage if not all of the rats that infest the city and then establish barriers to starve out and discourage any stragglers. It is a program that provides an effective one-two punch against a menace that is costing the American people many hundreds of millions of dollars annually.

Escanaba has engaged in rat-killing campaigns on numerous occasions in the past with mediocre results. The rat kill was heavy but the conditions that breed rats were not eliminated and so Escanaba today finds its rat problem as bothersome as always.

A new rat poison, Antu, developed during the war has proved to be a powerful weapon against rats. It is much more potent than red squill, the time honored rat poison, and like red squill Antu is lethal only to brown rats. It is harmless to household pets and humans.

The most important long range weapon against rats is, of course, ratproof food and garbage containers. In this regard it is encouraging to note that city officials are now drafting a new garbage ordinance that will require householders to provide garbage containers with metal covers.

If Escanaba has its per capita share of rats—and city officials who should know say that we have not even begun to lick the rat problem here—there are something like 15,000 rats in Escanaba. The figure may be a little high but even if there are only one-tenth that many rats here, it means that there are 1,500 rats too many.

### Lilienthal Renominated

DAVID E. LILIENTHAL has been nominated by President Truman for a five year reappointment as chairman of the atomic energy commission. It is to be hoped that his reappointment will be promptly confirmed by the Senate and that another long and bitter fight that characterized confirmation of his original appointment may be avoided.

Lilienthal's nomination to the highly important atomic energy commission was characterized by a personal feud with Senator McKellar of Tennessee who used every political trick in the book in an effort to block confirmation.

In the comparatively brief period that Lilienthal has served as chairman of the commission, he has presented an administration that merits public approval. The work of the commission is by necessity surrounded in secrecy because of the national defense aspects of atomic power. Nevertheless, Lilienthal has indicated numerous times that the commission is directing its work for the purpose of utilizing atomic developments for peaceful and humanitarian benefits as well as for more deadly and more powerful atom bombs.

Most importantly, Lilienthal has earned the confidence of the people by presenting to them in terms that the layman can un-

derstand an outline of the great importance of atomic developments in the welfare of the world of the future.

### 4-H Dormitory

APPROVAL by the Michigan Senate of an appropriation of \$10,000 to the Upper Peninsula State Fair board for construction of a 4-H club building indicates recognition by the lawmakers of the importance of 4-H activities at the state fair.

Whether the appropriation is sufficiently large to do the job that remains to be done is questionable. Members of the board, however, have indicated that they will seek out every reasonable economy in the hope that the 4-H building can be materialized.

The fair board has felt the need for a 4-H dormitory for a considerable period of time. A similar request for funds was turned down a year ago due to the state's uncertain financial outlook.

The 4-H program annually merits special consideration by the state fair board in recognition of the great work being done throughout the Upper Peninsula by 4-H students in a variety of projects. Problem of housing these ambitious youngsters at the fair has long been acute. Undoubtedly the lack of dormitory facilities has prevented many 4-H club members from attending the exposition.

The appropriation has not yet cleared the legislative hurdles but the prospects are at least encouraging.

## Other Editorial Comments

### TREASURE HUNTING'S POOR PAY (Grand Rapids Press)

Rain and a couple of irate property-owners apparently have put an end to that treasure hunt at Highlands, N. J., which at one time reportedly saw as many as 300 persons sifting the sand for Portuguese doubloons. It started when a lobster fisherman discovered an eighteenth century coin, worth \$75, on the beach. But despite the thorough combing that piece of New Jersey got, only 26 of the doubloons have been recovered at last count.

Total value of the "trove," therefore, was only about \$1,950. As a treasure hunt it rates as a dismal failure. Even as wages, considering the number of persons involved and the time they spent scratching around, that seems like miserably small pay. But, then, nobody ever had any real difficulty recruiting a small army eager to work on the off chance that it might strike it rich.

Except for the \$6,000 found on the site of a new school building in Monterey, Calif., a few months ago the treasure-hunting business has been pretty slack for the last 250 years. What pirate wealth is believed to be lost off American shores seems pretty securely in Davy Jones' trust. There's no way of knowing, of course, but it's a fairly good bet that treasure seekers have spent almost as much as the aggregate of the missing pirate hoards. However, we don't expect that rather prosaic view to head off any future stampede at the word that someone has unearthed Jean La Fette's belt buckle or Sir Henry Morgan's snuff box.

### CLANG WENT THE TROLLEY (Christian Science Monitor)

Radios in trolley cars? Happy day! or horrors! as you choose. They're trying them out in Washington trams and buses—and 92 per cent of the customers polled approve the idea. Alas for the poor 8 per cent!

The country which has preached rugged individualism is making things rugged indeed for the hapless individual who has no taste for stepping into a "self-propelled jukebox" first thing in the morning, but would rather commune with his own thoughts even while hanging from a strap. But who is he, miserable dissenter, to question the taste of the 92 per cent who elect to submit to whatever honeyed strain a kindly transit company may choose for them as an antidote to thought?

Nevertheless, let not the suburbanite returning home after a busy day be blamed if, imprisoned in a trolley with a program not of his choosing or to his liking, he decides to swell the ranks of the freakish minority of battered ruminators who prefer their rush hours without music.

The annual crime bill of the United States runs into the billions. Crime doesn't pay, but WE do!

## Take My Word For It

Frank Colby

### ON THE PRONUNCIATION OF FRENCH WORDS

A Detroit hostess asks, "What would you advise on the pronunciation of such French phrases as *creme de cacao* and *creme de menthe*? Having studied French, I can pronounce them correctly. But whenever I do, most people give me a peculiar look which says: (1) "Oh, airing out your French, eh?" or "Hub?"

More than one third of all the words in English are from the French; but most of such words are never given the French pronunciation because they contain sounds that do not occur in English.

These few examples will illustrate:  
Premier — French: prum-YAY; English: pruh-MEAR. Nation — French: nass-YAW(N); English: NAY-shun. Content — French: kaw-(n)-TAH(N); English, kun-TENT. Habitation — French: ab-ee-tass-YAW(N); English: hab-i-TAY-shun.

Now *creme de cacao* and *creme de menthe* are (as near as I can express them by means of English phonetic spelling): *krehm auh ke-ka-OH* and *krehm duh MAH-(N)T*. And our dictionaries without exception list no other pronunciations:

But the American, again almost without exception, speaks of the liqueurs as: "*cream* ice KO-co" and "*cream* de mint." Why? There are two reasons:

## World Events Analyzed

BY MARQUIS CHILDS

Washington.—Propaganda is one of those words that slip conveniently off the politician's tongue. He uses it to attack any point of view that he happens to disagree with.

A curious crusade is being carried on here behind the main current of the news. The crusader, the man on a white horse, the man with banners, is California's Senator Sheridan Downey. The object of his devotion is California's great Central valley where on irrigated

land rich crops of fruit and vegetables are grown.

Downey's goal is to have the limitation lifted restricting the holding of any individual to 160 acres of land under the irrigation project of the Bureau of Reclamation. In the valley today 34 of the biggest owners, most of them corporations, have 748,490 acres of land. If these owners got the benefit of water provided by the Bureau of Reclamation, they would have to split up their holdings.

The argument Downey chiefly relies upon is a complicated one having to do with water levels under the earth and what would happen to the underground water with large-scale irrigation. He insists that the small holder would end up by paying the water bill of the large holder, who would refuse to come under the Bureau of Reclamation project because of the 160-acre limit.

No ordinary citizen can pass on the merits of this argument. But the ordinary citizen can and does have opinions of the big corporations farm versus the moderate-size family farm.

It is just here, it seems to me, that Downey, the passionate crusader, goes off the track. He says it is "propaganda" by the Bureau of Reclamation, and most particularly by Commissioner of Reclamation Michael W. Stratus, that has made so many people want to keep the 160-acre limit.

He has written a book, "They Would Rule The Valley," to prove it. He took the time of a subcommittee of the Senate for days to present his case against the Bureau of Reclamation "propagandists."

When the Senate committee got tired and lost interest, Downey took his case over to the House. There he persuaded Rep. Forest A. Harless of Indiana, chairman of a subcommittee that specializes in tracking down bureaucrats suspected of making propaganda, to look into the case. Downey never misses a chance to deliver a speech attacking Stratus.

The funny thing about all this is that it builds Straus up into one of the greatest propagandists of all time. It makes him in my way of knowing, of course, but it's a fairly good bet that treasure seekers have spent almost as much as the aggregate of the missing pirate hoards. However, we don't expect that rather prosaic view to head off any future stampede at the word that someone has unearthed Jean La Fette's belt buckle or Sir Henry Morgan's snuff box.

Some months ago, water users on the Coachella irrigation district voted on a Bureau of Reclamation contract embracing in positive terms the acreage restriction law. The vote was 1,139 to 19 in favor of the contract.

A year ago Bishop Robert J. Armstrong of Sacramento wrote on "Family Farm vs. Factory Farm" in the Catholic magazine "America." In the article, he said: "The latest attempt, therefore, to change our national land policy is a challenge which cannot be lightly laid aside by those who have faith in the liberty-loving independent American farmers who cultivate the soil. They rear the families that support and people America's large cities. The fight against the political power of corporate monopoly demands an extra effort from the unorganized majority of American cities. The same fight must be waged on the land."

Senator Downey would apparently have us believe that all of this results from the "propaganda" of a few bureaucrats in Washington. That is not the way deep convictions take hold. They are woven into men's minds and hearts.

That has been demonstrated in Soviet Russia. After thirty years of unceasing propaganda and all the techniques of force and violence, including starvation, the Russian peasant still clings to his love of a piece of land of his own.

The time has come to stop this silly talk about propaganda. It has got so that a government official can hardly explain the work of his department in the normal course of his duty without being accused of propagandizing. The politician should realize that people are not quite so simple-minded.

(1) The matter-of-fact Anglo-Saxon tongue has never been able to cope with most French phonetic sounds, and has always given English-sounding pronunciations to French loan words. (2) The li-queurs are flavored with *cocoa* and *mint*, respectively. To the American, "*creme*" is "*cream*," "*de*" is "*dee*," "*cacao*" is "*cocoa*," and "*menthe*" is "*mint*."

The sensible thing to do, of course, is to translate such French phrases into English. What's wrong with *cream of cocoa* and *cream of mint*? Nothing, obviously. And that's the answer to the question from our Detroit hostess. How much better good English is than mangled French.

If you have difficulty in knowing when and when not to use prepositions at the end of a sentence, you will find Mr. Colby's leaflet, C-9, helpful.

To obtain a copy, send 5 cents in coin and a stamped, self-addressed envelope to him, care of Escanaba Daily Press, P. O. Box 99, Station G, New York 19, N. Y.

## "Ain't It Beautiful?"

## Good Evening

By Clint Dunathan

SUPPLY AND DEMAND—The housing situation in Escanaba continues to be far from satisfactory for a large number of people. Despite considerable construction of new dwell-

ings, there is a housing shortage, and the prospect that this condition will be corrected is remote.

It is the old "law" of supply and demand that is causing the trouble. The supply of houses is limited, and the demand is high. Either the supply of houses must be increased, or the demand reduced, to solve the problem.

Best solution would be the construction of more homes, since that would assure holding the city's population. Unless more homes are available, however, those who can move away will do so. This will relieve the demand for housing, but it will not be good for Escanaba.

APARTMENTS—High material and labor costs, however, will probably keep new construction pretty much to a minimum in the year ahead. One of the more economical forms of housing is the apartment building, which is particularly suited to the needs of the family without children, or with children who are accustomed to apartment living.

Escanaba does not have enough apartment houses. It does have too many apartments in single-family dwellings.

The apartment house is distinguished by being designed especially for multiple dwelling. The arrangement of the rooms and the apartments, together with other facilities, make apartment living highly desirable for those who abhor poking at furnaces of shoveling walks.

The old house converted into a multiple dwelling has few of the desirable qualities apartment-dwellers seek, and it often has definite disadvantages. Among the latter is the presence of the house owner either above or below to keep tabs on the comings, goings, and whether lights are turned off promptly or the water allowed to run; and a room arrangement carried over from hallway-bedroom-and-bath.

THE HOME OWNER—Fortunate indeed is the home owner. His only problem is one of taxes, maintenance and insurance on his investment. If these costs seem to run high, the home owner can always recover his good spirits by visiting friends who are renting a house. In their rent they are paying the taxes, maintenance and insurance for the landlord—plus a little profit on the landlord's investment.

Certainly owning a home is not all a bed of roses, but it has its points, and all of them are not thorns. The home-owner usually spends more for maintenance and improvement than he necessarily would require, but this pays off in greater comfort and pleasure in home ownership. At the same time, it is out-of-pocket expenditure and from the bookkeeping standpoint and the home owner may show a loss, compared with the budgeted outlay the landlord makes on his rental property.

The home owner also has a financial risk. If property values go down, and he must sell, he loses money. If the house is too large for his family and the maintenance is high, his housing will cost him more than if he rented a modest dwelling suited to his income. In efforts to maintain such a household, many families have

## INTO THE PAST

Ten Years Ago

Nahma—Miss Shirley DeRoster of Nahma, won the first round in the verse speaking contest held this past week at Western Michigan College of Education in Kalamazoo.

Escanaba—John W. Seidl was re-elected commander of Hiawatha Post 2998 of the Veterans of Foreign Wars, at its regular meeting last night.

Manistique—Mr. and Mrs. William Cook are the parents of a son born April 20 at St. Francis hospital.

Gladstone—Mr. and Mrs. James T. Jones have returned from Chicago where they visited with their daughter, Miss Beverly Jones, who is a student nurse in Augustana hospital.

Manistique—Charlotte Merwin, of Gulliver, and Harry LaFleur, of Hiawatha township, have been named Schoolcraft county 4-H health champions.

Escanaba—The condition of Gordon Bray, student of Marquette university, who submitted to an appendectomy at the University hospital, is reported good.

Escanaba—Mrs. Ed Savageau has returned from Ann Arbor where she visited her daughter Ruth, who has been a hospital patient there since September.

Garden—Mrs. and Mr. James Driscoll have returned to their home in Oconto, Wis., after spending the winter here at the home of their daughter, Mrs. Joseph Deloria.

Raid River—Ward Johnson has left for Chicago where he will enroll at Coyne School of Electricity.

We must give needy nations all help within reason but we cannot afford to finance a world WPA.—Sen. Harry F. Byrd (D) of Virginia.

We have pussfooted too much in our public attitude on the Russian question. It is time for a showdown.—James A. Farley, former Postmaster General.

gone bankrupt.

AND THE RENTER—We have already cited some of the disadvantages of renting: High cost, insecurity, and the usually unsatisfactory relationship between landlord and tenant.

Greatest bugaboo to the tenant is the possibility that he will have to move. This is a constant sword over his head. And when he does have to find another house, it is a long, tedious, and discouraging search that usually leaves his family in less satisfactory quarters than before.

COST GOING UP—The cost of housing is going up, both for the renter and the home-owner.

For the renter the high cost makes it necessary for him to keep inadequate housing to keep within his budget. He finds the high rental price does not always assure even adequate housing. Reason for this is the housing shortage, in which some people are able to bid high to find a place to live. This encourages the upward trend on rentals.

Home building had a spurt in Escanaba and is now in a comparative slump. High materials and labor costs are to blame. Few people in the "average income" bracket are financially in a position to build at today's prices. Many are also unable to purchase older homes that occasionally find their way on the market. Real estate values are at the highest peak in the history of the city.

What the answer will be is anybody's guess. Because of the lack of housing at this time, however, Escanaba will not gain in population as it otherwise would.

## Roving Reporter

By Hal Boyle

New York, (AP)—Wes Gallagher lives in what he calls "the world's biggest air-conditioned prison."

The prison is Berlin, Germany. Gallagher believes that today it is the keystone of American prestige in Europe and that the Russians will exert renewed pressure to force the Western Allies out of the German capital before the October elections.

This man Gallagher, who flew here to address the annual membership meeting of the Associated Press, is a real "newspaperman's newspaperman"—the kind the old timers say died out long ago.

Man Behind Byline

Here is the man behind the byline: He is a big-shouldered, six-foot, stubble-haired, soft-hearted Irishman with the energy of a cub police reporter, and the mind of a diplomat. He peers at people from a pair of black eyebrows as bushy as John L. Lewis' in full bloom. He has only two facial expressions—a glowering frown while he's digging out an exclusive news story, a Cheshire cat grin when he puts it on the wire.

"In the next war I'm going to have you made chief censor so you'll have to do as I say," a three-star general once told him at a dinner party.

Gallagher worked him over with his eyebrows.

"I wouldn't serve under you," he said flatly. The general shut up. He was afraid of one of his military guests might ask Gallagher why.

But Eisenhower, Simpson and "Tootsy" Snatz had a personal liking for Gallagher and respected his rugged judgement. When military commanders began asking his advice on whether a "hot" story was too ticklish to release, he said bluntly:

"Tell it. You don't own the news—whether it's good or bad. If you try to suppress it, it'll blow up in your face."

Covers Many Crises

Covering world crises has become routine with Gallagher, but he believes the present Berlin situation may flare into war.

"The tension has died down a little," he said. "Only 50 of the 2,500 American dependents have asked to go home."

"The trouble is that the Russian leaders have told their people so often they won the war single-handed that they've come to believe in their own propaganda."

"Allied diplomats there don't believe the Russians want war now, but they're afraid the Russians don't know how to stop short of war."

"The Russians are still determined to get us out of Berlin. They probably will make another attempt after they get the harvest in. They want to have a free hand by the October elections, however, to be able to deal with the 2,000,000 Berliners who voted against Communism last time."

"If we let the Russians run us out of town, our prestige in Europe will collapse. No European country would be willing to put up a fight."

How long could the present American garrison in Berlin hold out if some "incident" precipitated war?

"Perhaps six hours," he said. "But they might be important hours."

Just before Wes took off on his return flight to Berlin I asked him if covering eight years of world struggle had taught him anything.

"Only that nothing is more important than human freedom," he said.

Everyone wonders what a man who never says anything sounds like.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—Ohio's usually solemn Senator Robert A. Taft and his wife, Martha, were listening to a radio program, "CBS

Was There," dramatizing ancient times in modern language. This particular program was based on the fall of ancient Pompeii, and the dramatization was grim and gruesome.

The people of Pompeii starved as their city was torn to pieces. As the program closed, Senator Taft picked up the phone and called Columbia Broadcasting company.

"You can tell the people of Pompeii," he said, "not to worry. The Truman administration will ask for a \$42,000,000 relief program for them next week. I'm sure."

### MERRY-GO-ROUND

President Truman has been calling in Democratic leaders from all over the nation and giving them pep talks aimed at securing his own renomination. After they leave his office, the visitors are discreetly warned that a vote against Truman at the Philadelphia convention means no jobs for them in the future. . . CIO President Phil Murray and Chicago political boss Jack Arvey met secretly in Pittsburgh the other day. Both are opposed to Truman's running again. . . Chester Bowles, who is opposing President Truman's renomination, will make a nation-wide tour stumping for a liberal Democratic nominee. . . John L. Lewis' real strategy in prolonging the mine strike was to cut coal reserves. With stock piles low, Lewis is in a better bargaining position to get wage increases when the operators have to sign a new contract in June.

### NO CHANGE ON LEWIS

After G. O. P. Senator Styles Bridges of New Hampshire settled the coal strike, Attorney General Tom Clark personally wanted to pursue the government's contempt case against John L. Lewis, but decided to phone the White House for instructions.

"There's no reason to change our course in the slightest," was President Truman's immediate reply. "I know you intend to go right ahead with the court proceedings, and I want you to."

When Clark inquired what Truman thought about the Martin - Bridges peace deal with Lewis, the president said: "I'm ignoring it."

He added that he was glad to see the miners starting back to work, but was losing no sleep over Republican attempts to embarrass the administration.

### UNDER THE DOME

Three years after Roosevelt's death members of the Roosevelt Memorial Foundation have finally condescended to invite Steve Early, one of FDR's closest friends, to join the Roosevelt Foundation. . . R. D. McCann, Dallas oilman, and his three flying sons, plan a round-the-world speed flight via Moscow—if the Russians will let them. . . Congratulations to Congressman Lyndon Johnson of Texas for pushing President Truman into freezing surplus war plants. If it hadn't been for Johnson, a lot more plants would have been sold just as war production is needed again. . . SEC commissioners, studying the record of the Henry Kaiser-Cyrus Eaton stock-market fight, may recommend to Congress a law penalizing any investment banker who walks out on a contract in the future.

### HAWAIIAN STATEHOOD

Senator Guy Cordon of Oregon is pressing for a vote on Hawaiian statehood inside the Senate territories and insular affairs committee. The House has already voted to make Hawaii the 49th state, but the bill hasn't been able to get by Chairman Hugh Butler of the Senate committee.

Butler has been insisting that the committee make a first-hand inspection before it passes on statehood despite the fact that when Butler's committee was invited to Hawaii last summer Cordon was the only one who accepted.

### DOWN PENNSYLVANIA AVENUE

G. O. P. Congressman E. H. Hedrick of West Virginia has vigorously protested to the White House against the proposed sale of 225 government-owned homes at South Charleston, W. Va. . . "We are selling war plants for 10 cents on the dollar, but the appraisal value of these housing units has been jacked up so high by government housing officials that vets can't get loans from banks to buy homes," Hedrick told the president. "Men who fought for their country can't understand why we sell war plants cheap to industry and homes high to veterans." . . When the president received a pair of gold-plated boots and a bootjack from the El Paso Chamber of Commerce, he surprised the Texas presentation committee by putting the two-piece bootjack together in his time. . . "You do that like an old hand," exclaimed Representative Ken Regan, from the Texas cattle country. . . Said California's Representative Harry Sheppard to a group of congressmen in the House restaurant: "Unless we are completely stupid, we must assume that the German scientists Russia commandeered have given her the atomic bomb by this time, and that she has planes as fast or, perhaps, faster than ours to carry the bomb. That means we will either have to start appeasing Russia or build an Air Force big enough to whip her. The quicker we build an Air Force like that, the quicker Stalin and his thugs will become good boys."

An Illinois man tells of birds pecking the paint off of his car. Maybe the thing has gone to seed.

Somebody should tell grouches how easily they could pep up a party—by staying away.

A medical authority says the average businessman works too hard and eats too

## Enlarge Scope Of 1948 Potato Booster Contest

The Escanaba potato booster contest, acclaimed by potato growers as an important factor in making Delta county "the county of potato champions", will be bigger and better in 1948.

Rules and regulations for the 1948 contest, together with a contest score card, have been completed by a sub-committee of the agricultural committee of the Escanaba Chamber of Commerce. This sub-committee is composed of Grey Knaus, Vernon Wick, Frank Falkies, Clayton Ford, Ben Gonchick, Emil Skrobick and A. C. Nielsen. Delta county potato farmers, and Joe Ivens and J. L. Heirman of Escanaba.

This year the radius to be covered in the contest is the Escanaba trading area. All farmers, irrespective of county, who use Escanaba as their trading center are eligible to enter the contest providing they do not enter a similar contest in their own county.

The contest this year will be

made up of four divisions:  
1—Certified growers, six acres or over.  
2—Tablestock growers, six acres or over.  
3—Certified and tablestock growers, 2 to 6 acres.  
4—H club members.

The Escanaba potato booster contest was started nine years ago, and two four-year programs have been completed. Contestants competed for annual awards, and for four-year awards. At first, growers with 2 acres of potatoes could enter; then four years ago the contest was enlarged to establish separate divisions for certified and tablestock growers.

In addition, the 1948 contest rules open up a new division for the smaller growers, either certified or tablestock; and the 4-H club contest has also been included.

The contest is designed to encourage growers to use recommended growing practices, and to enter their potatoes in exhibits. General purpose of the contest is to improve the quality and quantity of the potatoes grown in this area, for the benefit of the potato industry.

## HOT FLASHES?

Are you going thru the functional "middle-age" period peculiar to women (35-55 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Pinkham's Compound also has what Doctors call a stomachic tonic effect!

## Church Pony Keeps Up Sunday School

Keokuk, Ia., (P)—The Church of Nazarene here reports a recently inaugurated plan is paying dividends in Sunday School attendance.

The church purchased a pony. All children attending Sunday School receive a ticket good for rides on the pony—on weekdays. The Rev. Warren Burd, pastor of the church, proposed the plan.

## A. T. Rossow Will Speak Here Friday

A. T. Rossow, 11th district Townsend council president, who has just returned from a meeting of the council in Lansing, will address a meeting of Escanaba Townsend club, No. 1, at the City Hall in Escanaba Friday evening at 8 o'clock. Mr. Rossow will report on the meeting and also will explain the Michigan lien law and how it affects those receiving state welfare aid. All Townsend club members are urged to attend and others interested are invited.

**HIGHWAY MOVES HOMES**  
Manistee (P)—Highway US-31 will be relocated in a proposed approach to Memorial bridge. The city commission learned Wednesday a new 44-foot right of way will require removal of 81 homes.

Tiny Fair Isle, north of Scotland, is famed for its sweater patterns, and as a stop-off for migratory birds.

## Munising News

### Fishing Contest Planned by Club

Munising—The Munising Conservation club will conduct a stream fishing contest this year. President Jeff Bodette has announced. Entries will be received in eight classes, brook, brown and rainbow trout, pike, walleye, perch, bass, bluegills. Prizes will total around \$250. So far two check-in stations

have been announced, the Bear store and Bill's Market in Munising. Others will be located in Deerton, Chatham, Grand Marais and Trenary.

### Munising to Have Two Health Clinics

Munising—The Alger-Schoolcraft health unit will conduct two clinics in Munising next month for pre-school children. The first, the afternoon of May 11, will be at Mather school for children who will enter the Washington, Mather and Sacred Heart schools next

fall. The second will be at the Lincoln school the afternoon of May 18 for children who will start at that school in the fall. Mothers are requested to accompany their children to the clinics.

### MUNISING BRIEFS

A meeting of the Men's Brotherhood was held Thursday evening in the Eden Lutheran church. Temperatures in Munising during the past week averaged 42.2 degrees, Albert Oas, weather observer, has reported. The high reading was 63 and the low 19.

## WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just clog in the bowels. Then gas bloats up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 33¢ at any drugstore.

## CHIANG TO RULE LIKE DICTATOR

All-Out Powers Given  
Chinese President

BY HAROLD K. MILKS  
Nanking, China (P) — Generalissimo Chiang Kai-shek, who said he didn't want the job, was elected China's first constitutional president with virtually dictatorial powers. He had asked instead to be named premier — but with just such all-out powers.

In orderly, machine-like procedure which lacked enthusiasm the strong-willed man who has headed the government since 1928 received 2,430 votes in the national assembly.

Chu Cheng, elderly president of the judicial Yuan (council), was given 269 votes in an obvious gesture to provide the semblance of a contest. He was in Shanghai.

Chiang was elected to serve six years under the new constitution. He was voted the same broad emergency powers for the "period of national crisis" that he has held. Outside, shopkeepers began setting off the traditional firecrackers.

## Chatham

**Stork Shower**  
Chatham, Mich., — Mrs. Norman Seppi was the guest of honor at a stork shower at her home at 1001 S. Spur, Sunday afternoon, April 18, sponsored by Mrs. Marion Pokela and Mrs. Irene Ilkka. Mrs. Seppi received about forty lovely gifts. Luncheon was served. Out-of-town guests were Mrs. Michael Seppi and Mrs. Henry Norman, Forest Lake; Mrs. John Seppi, Chatham; Miss Gertrude Saari, Trenary.

**Ladies' Aid Bazaar**  
The Ladies' Aid of the Finnish Evangelical Lutheran church of Eben will sponsor a bazaar, baked and fancy goods sale Saturday evening, May 1 in the church parlors beginning at 7 o'clock.

## Garden

St. John the Baptist—Masses at 8 and 10 a. m.  
Congregational—Sunday school at 10 a. m.

**4-H Trip**  
Bernard Tatrow took local pupils in 4-H clubs to Escanaba in one of the school buses Saturday to attend Achievement Day exercises. Mrs. Earl Ross and Miss Marcella Winter, teachers, accompanied.

Friday evening, May 1 in the church parlors beginning at 7 o'clock.

**Kings Daughters**  
There will be a meeting of the King's Daughters at the home of Miss Sadie Luoma of Eben, Thursday evening April 29 at 7:30.

**Church Services**  
Thursday evening April 22 the Rev. A. L. Maki of Marquette will conduct church services at the National Lutheran church of Chatham at 7:30. He will bring two ministers from the Ministers Conference being held in Marquette this week, to be guest speakers. There will be an address in English and one in Finnish.

There will be no services next Sunday afternoon, April 25, but Sunday school classes will be held at 9 o'clock Sunday morning as usual.

At two o'clock next Sunday afternoon, April 25, Rev. Frank Pelkonen of Marquette will conduct church services at the Finnish Evangelical Lutheran church at Eben in Finnish.

At 7:30 in the evening a Fellowship program will be presented in the church by members of the Luther League.

Sunday school classes will be held in the morning at 9 o'clock.

**Luther League Rally**  
A number of the members of the Luther League of the Finnish Lutheran church of Chatham will attend a Luther League Rally at

## Nahma

**Church Services**  
Nahma, Mich.—St. Andrew's Catholic church—Rev. Jerome Larsen, Pastor.  
Daily masses at 8:00, Confessions Saturday evening at 7:00. April 25—Masses at 6:30 and 10:30. Isabella at 8:30.

**Cooperator's Election**  
At a meeting held last Thursday evening, April 15, the Chatham-Eben Cooperator's Store, elected the following officers for the coming year: president, Eric Linfors; vice president, Donald Taumala; secretary, Vanio Anttila.

Frank Stuer was a patient this week for two days in the Brazier hospital in Munising.

**Lions Club Party**  
The Nahma Lions Club are sponsoring a public games party in the Civic Center on Sunday evening for the benefit of the Nahma Girl Scouts Camp Fund.

Mrs. Ossie Hazen and Mrs. Herb Foote of Garden, spent Monday here. Mrs. Hazen visited at the Shirley Warner home while Mrs. Foote visited with Mrs. Fred Olmstead.

From where I sit... by Joe Marsh

## Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a

friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

Joe Marsh

## BANK CLOSING ON SATURDAYS STRIKES SNAG

(Continued from Page One)

proved bill a provision which would have given Detroit more than \$1,000,000 extra to assist in the expenses of Wayne University.

**Age Benefits Raised**  
A bill raising old age benefits from \$45 to \$50 a month was approved by the House and sent to the governor. The measure had been passed by the Senate. At the same time, however, the lower chamber refused to approve a Senate bill which would have permitted the Social Welfare department to refuse aid to dependent children if the parents refused to work.

The House passed bills which would:

Appropriate \$52,765,507 for public welfare and \$10,058,403 for public health.

Permit appeals of veterans who are refused the state bonus through the court of claims.

Channel local applications for federal airport aid through the State Department of Aeronautics.

Permit the legislature to pay the corrections commissioner any amount it sees fit instead of fixing it at \$10,000.

## Detroit Fire Fatal To Mother And Son Under Investigation

Detroit, April 22 (P)—Police today were investigating the fire deaths of Mrs. Mary Bullock, 39, and her eight-year-old son Walter after suicide notes were found in their burning home.

The mother was found unconscious on the living room floor when a neighbor went to investigate the fire and died on the way to a hospital. Firemen found Walter's body in his bedroom, the only room in the house badly damaged by flames.

Autopsies disclosed both died of suffocation. However, the boy had two deep gashes near his temple.

On the kitchen table were three notes addressed by Mrs. Bullock to her four older children and a Recorder's court probation work.

One begged the worker to "see

## New Baby Is Found Alive in Garbage at Minneapolis, Minn.

Minneapolis, April 22 (P)—A newborn baby boy, found among garbage parcels on a city truck, was alive and well at Minneapolis General (city) hospital today.

Walter Lindell said the attention of himself and another garbage handler was attracted to the newspaper-wrapped package when it stirred after having been dumped into the truck from one of two refuse cans they were emptying late yesterday.

Investigating, Lindell said he found the child, barren of clothing, wrapped it in his coat and summoned an ambulance.

Police, arriving with the ambulance, found a crowd gathered around the garbage truck. They noticed a 19-year-old onlooker exhibiting more than ordinary interest. The girl became hysterical as questions were asked.

Between sobs, she admitted she had given birth to the child an hour earlier in her nearby room. She was reunited with her baby at the hospital, where physicians said the boy was normal, healthy and in very good condition. The mother was being queried further today.

## SUES FOR \$25,000

Detroit, (P)—A large chunk of ice that landed on Michael Varady's head in January, 1947, as he arrived for work at the United States Rubber Co. plant here resulted in a \$25,000 damage suit filed Wednesday in Federal court. Varady charged workmen cleaning snow from the roof of the plant tossed down the ice that hit him.

## ROBBERS GET \$3,900

Detroit (P)—Three separate robberies Wednesday netted safe-crackers more than \$3,900 in cash and war bonds, police reported.

The volume of trading on the New York Stock Exchange dropped from 363,700,000 in 1946 to 253,600,000 in 1947.

that the kids are taken care of" and ended "I just can't go on," Deputy Detective Chief John O. Whitman reported.

Two sons, Jack, 19, and Gordon, 17, were working at the time of the fire. Two daughters, Laura, 13 and Mabel, 15, were in school.

## HAIFA SEIZED IN BATTLE BY JEWISH ARMY

(Continued from Page One)

Land to protect American lives and property.

Marines might be used in that event, although there is no clear indication that this will happen.

Officials are deeply concerned, however, lest Arab-Jewish fighting flare on an even larger scale next month when the British state withdrawing their troops.

## Truce Demanded

Warren R. Austin, American delegate, told the United Nations special assembly session on Palestine Tuesday that the United States is prepared to send troops to the Holy Land to support a trusteeship government on two conditions:

First, other nations must also provide forces; second, Arabs and Jews must agree to a truce.

In Washington this promptly raised a question as to the president's authority to use American armed forces. Austin's statement was criticized in the House yesterday as making a commitment in violation of the law giving this government the right to membership in the United Nations.

This law authorized the president to negotiate agreements with other U. N. members for an international police force. These agreements would then be subject to congressional approval. But the agreements never have been made because of the split between Russia and the western powers.

Administration legal authorities are understood to have advised the White House that nothing in the law prevents the president from using his constitutional power as director of American foreign policy and commander-in-chief of the armed forces.

The position of the administration therefore is said to be that Mr. Truman has the right to send troops wherever he may consider it in the nation's interest to do so.

## Long-Range Housing Bill Passes Senate; Farmers Get Help

Washington, April 22 (P)—The Senate today passed the Taft-Elder-Wagner long range housing bill designed to spur home building in America. Passage was by a voice vote.

The Senate passed the bill after adding a \$268,500,000 farm housing program.

By a voice vote, the Senate adopted an amendment by Senators Young (R-MD.) and Russell (D-Ga.) providing for federal subsidies and loans to farmers.

This action came shortly after approval of an amendment authorizing the government to pay half the cost of houses for severely paralyzed veterans.

The farm housing program would be under direction of the agriculture department. Loans would be for up to 33 years at not more than four per cent interest.

The goal of the bill is building of 15,000,000 new homes in the next 10 years.

## CIGARET FIRE FATAL

Detroit (P)—Three-year-old Marlowe Jones burned to death Wednesday when a cigarette set fire to his home, police reported.

## Fisherman Rescued From Sinking Boat, Clinging To Mast

Vancouver, B. C., April 22 (P)—Fisherman Patrick Kelly was rescued from his slowly-sinking boat yesterday after clinging to the mast for 26 hours.

When the Canadian Pacific steamer Princess Elaine rescued the 41-year-old Kelly, of Stevenson, B. C., only six feet of the mast was above water.

The 331-foot boat had been swamped by heavy breakers 10 miles northwest of here.

"I don't think my boat would have stayed afloat much longer," Kelly said. "I prayed to God that somebody would see me before I went down."

"I lived all my overseas experiences again while I was out there all night. I thought, 'well, maybe I didn't get it overseas, but I'm going to get it now.'"

He was with a unit which landed in Normandy on D-Day.

## BOY HERO HONORED

Flint (P)—Jimmie Brennan, 10-year-old Flint boy drowned 15 months ago while rescuing a playmate from the Flint river, was honored Wednesday by the local Optimist club in a posthumous award or heroism and bravery. Jimmie rescued Michael Parsons when the latter fell through thin ice Jan. 18, 1947, but lost his own life.

## CHICAGO PRICES

**CHICAGO BUTTER**

Colorado fed heifers \$31.25; next good and choice heifers \$26.50 to \$30.25; few good beef cows \$23.00 to \$24.00; canners and cutters \$13.00 to \$17.50; medium and good sausage bulls \$24.00 to \$25.00; practical top choice vealers \$28.00; odd head to \$30.00.

Salable sheep 4,000, total 4,000; slow; early bids and sales good and choice slaughter lambs weak to 25 cents lower; other grades off more around five loads good and choice fed woolled 105 lbs. down \$26.25; load or so good and choice still held around \$26.50; several decks medium and good woolled lambs \$23.50 to \$24.50; few decks common woolskins \$18.50; 4 lb. 100 lb. ewes scarce; small lots about steady; good and choice woolled \$12.00 to \$12.50; similar grade shorn ewes around \$10.50.

## POLICE CHECK OVER ENEMIES OF UAW CHIEF

(Continued from Page One)

happened the largest in the nation's history—real clues to the Tuesday night shooting remained rare.

## Red Sedan Sought

Reuther himself, lying in Grace Hospital with his shattered right arm suspended in a traction cast, could offer few ideas.

He told Prosecutor James V. McNally that "I haven't the slightest idea" when asked who might have shot him.

It might have been, said the labor leader, management, Communists or a screwball.

Following one of the scant clues, police checked all garages in the locality to find the red sedan that was seen dashing away from Reuther's house a moment after his stealthy assailant fired a shotgun blast through a window.

Police Commissioner Harry S. Toy said the fact that the car had not been found abandoned apparently proved at least one thing: that the shooting was probably done by an amateur.

"A professional would have disposed of the automobile by this time," he declared.

## Crack Men Assigned

Reuther's associates in the UAW pledged their all-out aid to police.

Secretary-Treasurer Emil Mazey declared, "we'll get the guy who did it if we have to turn the whole town upside down."

Michigan State Police also assigned crack detectives to aid Detroit authorities in their search, while the FBI offered its complete laboratory facilities. Reward offers flooded in. The UAW itself pledged \$100,000 to the person or persons who could give information leading to the would-be assassins. The city of Detroit offered \$10,000. From the AFL International Brotherhood of Teamsters came \$5,000, while \$1,000 each was offered by the west side Amalgamated local and the Michigan CIO council.

The Communist Party, which Reuther had bitterly fought, offered \$500 along with a statement denouncing the attack as "the most desperate of a number of Fascist assaults against the security and civil liberties of the American people."

Other sums came from small UAW locals.

## Arm Believed Saved

Meanwhile, police theorized that two or possibly three persons had a part in the actual shooting. Near a corner of Reuther's modest home they found some footprints indicating a lookout might have been posted to aid the actual gun wielder.

Another lead was turned in by a Ford Motor Company executive. William Gossett, an attorney and vice-president of the company, called Toy to report a Ford patent attorney had some "important information."

Toy sent chief of detectives Jack Harvill to interview the attorney, but refused to divulge the nature of the information.

Two other officers, Sgt. Leo Mack and Lt. Harry Michaels of the Police Subversive Activities Squad, were assigned to question "persons of subversive leanings" in the labor movement.

In the hospital, doctors battling to save Reuther's arm said the fight appeared to have been won. Dr. Raymond A. Sokolov, Reu-

## Obituary

### MRS. CHARLES SCRIBLING

Funeral services for Mrs. Charles Scribbling, aged resident of Harris, who died Tuesday, will be held at 9 o'clock Friday morning at St. George's church in Bark River. Father Neil Stehlin offering the funeral mass, and burial will be in Bark River cemetery. The rosary will be recited at 8 o'clock this evening at the Boyle funeral home where the body is in state.

## Negro Mother, 51, Of Benton Harbor, Wins State Title

Big Rapids, Mich., April 22 (P)—Mrs. Edson Marshall, 51, of Benton Harbor, today was selected 1948 Michigan Mother of the Year. She is the first negro to receive the Golden Rule Foundation of New York will be presented her on Mother's Day at a public ceremony.

Mrs. Marshall is the wife of a Benton Harbor window trimmer and mother of two daughters. One is the member of the Howard university law faculty and the other is a Benton Harbor high school student.

Mrs. Marshall worked in a factory and store to help educate her children and is now enrolled at Benton Harbor Junior college. She plans to enter Columbia university later.

her's personal physician, said the UAW president may be hospitalized for six weeks. The fore-most problem, he said, is fighting infection.

Then the bone structure, shattered in seven pieces, will have to be reassembled. Whether Reuther will have full use of the arm will depend on how badly the radial nerve was damaged. This, said Sokolov, cannot be determined immediately.

## KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## WAR DIES OUT IN COSTA RICA

### New Government Mops Up Roving Gunmen

San Jose, Costa Rica, April 22 (P)—Costa Rica's new government acted sternly today, with guns, to bring peace back to revolt-torn San Jose.

Armored cars were ordered out by President Santos Leon Herrera's government to smash bands of armed militiamen still roving the capital's streets. Four militiamen were killed yesterday.

Former President Teodoro Picado Michalski, who signed peace terms dictated by rebel leader Jose Figueres, left yesterday for Managua, Nicaragua, after turning the government over to Herrera, 74.

Herrera is to serve until about May 8, when a constituent assembly is to meet. Elections are planned later. The Civil War started March 12 after Congress annulled the February elections in which Otilio Ulate Blanco won the presidency.

(A dispatch from Port Limon quoted Figueres, a Ulate backer, as saying that more than a thousand persons were killed in the shooting war.)

## Crystal Falls City Manager Appointed

Crystal Falls, Mich.—William F. Jacka, city manager of Crystal Falls for the last 12 years, was re-appointed by the city commission at a meeting held this week. Other city officials appointed were John Gitzel, clerk; L. C. Caswell, attorney; Frank Carlson, marshal; Edward Burling, treasurer; G. W. Northstrum, meat inspector, and Charles Zravec, fire chief.

The position of fire chief is rotated from year to year. No salaries were set at the meeting. Edward Forsman was reappointed a member of the Municipal hospital board for a five-year term. The term of one board member expires each year.

Ducks' eggs contain more fat than hen's eggs.

## Large Group at Presbyterian Meet

The First Presbyterian church of Escanaba was represented by 22 members at the 29th annual meeting of the Lake Superior Presbyterian society, held in Manitowish the first part of the week. Attending the sessions were Mrs. William Leeper, R. C. Shiner, Paul Richter, Victor Thorin, Carl Richter, George Haberle, A. N. Wilson, M. T. Kason, P. A. Aronson, Ray Sundquist, Emma Lindsey, Agnes Fisher, Nels Jensen, Henry Hansen, Albin Olson, James Davidson, sr., and C. Arthur Anderson and Miss Ella B. Christiansen. Mrs. Harris was elected secretary of literature, succeeding Mrs. Shiner who held the office during the past four years.

## Request Made for Swedish Recipes

The Daily Press wishes to make a collection of authentic Swedish recipes, to be used in connection with the Swedish Centennial observance in Escanaba in June. Undoubtedly there are many residents of the community who have such recipes and it is asked that they copy them and send them in as early as is convenient to the Recipe Department of the Press.

## Summer Round-Up Broadcast Tonight

A special program will be broadcast over Escanaba WDBC this evening at 8:05 o'clock, explaining the annual summer round-up which will be held in May, under the sponsorship of the Escanaba city schools and the Parent-Teacher association. Detailed information on this annual project for pre-school children will be given in the broadcast.

## Job's Daughters Entertain Monday

Job's Daughters will entertain at a mother and father party Monday evening, April 26, at the Masonic Temple. The party will open with a six o'clock pot luck supper, and initiation will follow. Reservations, which must be in by Saturday, may be made by calling Mrs. Nelson Jensen or Mrs. Henry G. Olson.

## Stone Age Look Yours If Curves Grow Into Bulges

Madison, Wis. (SS.)—Girls, count those calories! If you let your curves become bulges, they'll give you the "old look"—and how. Old Stone Age, no less. Among the ill consequences of obesity listed by Dr. J. Lawrence Angel of Jefferson Medical College, speaking here before the meeting of the American Association of Anatomists, was the development of a physique of "infantized Upper Paleolithic" type. In gum-chewing language that means "Late Old Stone Age babies."

Other penalties imposed by surplus poundage catalogued by Dr. Angel: "Excessive fat not only crowds viscera and expands body cavities with resultant sagging, poor posture and dyspnea, but also crushes the arches of overloaded feet, produces hypertrophic arthritis of gracile joints, and further reduces stature."

## Social Situations

**SITUATION:** When dining in a restaurant you notice that you have gotten bread crumbs on the tablecloth.

**WRONG WAY:** Carefully brush them onto your hand and put them on your plate.

**RIGHT WAY:** Leave them for the waiter to remove.

## SPICED BRAN MUFFINS TOPPED WITH NUTS

*Sump'n Special...  
and a Cinch to Make!*

Crunchy, toasted Kellogg's All-Bran, with taste-tempting spices and nuts, makes these muffins extra-delicious!

2 tablespoons shortening  
1 cup sugar  
1 egg  
1 tablespoon molasses  
1 cup Kellogg's All-Bran  
1 cup milk  
1 cup sifted flour

Blend shortening and sugar thoroughly; add egg and beat well. Stir in molasses, All-Bran and milk. Let soak until most of moisture is taken up. Sift flour with baking powder, salt and spice. Add to first mixture and stir only until combined. Fill greased muffin pans two-thirds full and top with nuts. Bake in moderately hot oven (400° F.) 25 to 30 minutes.

America's most famous natural laxative cereal—try a bowlful tomorrow.

## Personal News

Raymond Steele is arriving tomorrow from Chicago for a week-end visit in Escanaba as a guest of Miss Linnea Magnuson.

Word has been received by Mrs. Reynolds Gustafson is leaving Friday morning for Chicago to attend commencement exercises of Augustana Hospital School of Nursing from which her daughter, Marilyn, is being graduated. The exercises will be held Sunday afternoon.

Mr. and Mrs. Hartley Rector and Mr. and Mrs. William Rasmussen have returned to Iron Mountain after visiting here with Mr. and Mrs. Carl Langager and fishing for smelt.

Word has been received by Mrs. William Offen, 230 North 18th street, that her husband, a construction engineer for the War Department who has been on Okinawa for the past eight months, has left by boat for San Francisco. Mrs. Offen will join her husband in Chicago in about three weeks.

Recent guests at the C. L. Mercier home, 211 North 11th street, were Mr. and Mrs. C. Mercier, son and daughter-in-law of Mr. and Mrs. C. L. Mercier, and Mr. and Mrs. Melvin Ellingsen, of Michigan.

Jack Coyne, 941 Washington avenue, Escanaba, has been attending a five-day sales conference conducted by Reo Motors, Inc., in Lansing.

Wayne Crebo left this morning for Boston where he will spend two weeks, to enroll and register in the New England Conservatory of Music.

Mrs. Dexter Green returned to Oak Park, Ill., today after visiting her several days with her parents, Mr. and Mrs. John Hulien. Her son, Dennis, who accompanied her here, will remain with his grandparents. Mrs. Green will submit to surgery in West Suburban hospital in Chicago shortly.

Mrs. F. Stretsen returned to Chicago today following a few days visit here with Mrs. Mary Graves and with Mrs. Arthur Sundberg.

Pfc. Tim Hayes, who has been visiting at his home here, left today for Camp Lejeune, S. C., from whence he will be assigned to further duty, possibly on the west coast. Pfc. Hayes recently completed Marine Corps basic training at Parris Island, S. C.

Mrs. M. J. Tonkin left this morning for Appleton, Wis., to visit over the weekend with her daughter and son-in-law, Mr. and Mrs. Victor Hammer.

Mrs. C. W. Benzinger has left for Milwaukee to visit a few days with her sister and brother-in-law, Dr. and Mrs. H. W. Strass.

Mrs. C. J. Spangler returned to Chicago today, following a few days visit with Mrs. Mary Graves.

Mr. and Mrs. Edward Anderson sr., and Mr. and Mrs. Edward Anderson, jr., and Hugh Diersler of Chicago are arriving today to visit a few days with Mrs. John Sullivan, 312 South 14th street. The Andersons and their grandson are enroute to their summer home in North Miami, Fla.

Loren Jenkins, city engineer, has been called to Cadillac, Mich. by the illness of his mother.

Mrs. Harold Lemke, 1214 Ludington street, received word this morning that her brother, William Warner Smith, died Wednesday in Burlington hospital, Burlington, Wis. Mr. Smith had been ill only a short time and death, due to heart trouble, was unexpected. He was 41 years old. Mrs. Lemke will leave shortly to attend the funeral services.

Mrs. Bradford Simmons has arrived from Clifton Springs, N. Y., called by the death of her father, Attorney Judd Yelland.

## May 1 Is Day of Prayer for Soviet Dominated Lands

With the theme, "Saviour of the World, Save Russia!" the 2nd annual observance of May 1st as a day of public prayer for the Russian people and for all in Soviet-dominated lands, will be held at St. Patrick's Cathedral, New York City, this year beginning at 5 p. m., and at public gatherings in hundreds of American cities and towns throughout the country as part of a nationwide program in which millions of people will participate.

From the headquarters of The Christophers, under whose auspices the movement was first started in 1947, it was learned that letters have come in from all over the world, expressing a desire to participate in the prayerful observance of the day which many people have come to regard as the rallying day for the enemies of God and all religions.

One of these letters, from His Excellency, Bishop Joseph Byrne, Vicar Apostolic of Kilimanjaro, Tanganyika, East Africa, expresses "deep gratification" at the rapidity with which this day of public prayer has spread to the six continents. "Peace is a gift of God," Bishop Byrne writes, "not the work of man. I pray God to bless our efforts. Throughout my territory people will meet for this observance to show our loving interest in all mankind, even those who are hostile and destructive, and especially for the millions who, through no fault of their own, are deprived of their normal human liberties which God intends for men of all nations."

And from a country in Europe now shut off behind the Iron Curtain a Catholic prelate (name withheld for reasons of his personal safety) writes in a letter received at The Christophers' headquarters: "Liberty which smiles on you and allows for public demonstrations is indeed limited to us, but there will be prayers for the same intention."

Letters in a similar vein have come in from such widely scattered points as: Arabia, French Guiana, Italy, France, Scotland, Argentina, China, Monaco, India, Hungary, Belgian Congo, Smyrna, Brazil.

Mrs. M. J. Tonkin left this morning for Appleton, Wis., to visit over the weekend with her daughter and son-in-law, Mr. and Mrs. Victor Hammer.

Mrs. C. W. Benzinger has left for Milwaukee to visit a few days with her sister and brother-in-law, Dr. and Mrs. H. W. Strass.

Mrs. C. J. Spangler returned to Chicago today, following a few days visit with Mrs. Mary Graves.

Mr. and Mrs. Edward Anderson sr., and Mr. and Mrs. Edward Anderson, jr., and Hugh Diersler of Chicago are arriving today to visit a few days with Mrs. John Sullivan, 312 South 14th street. The Andersons and their grandson are enroute to their summer home in North Miami, Fla.

Loren Jenkins, city engineer, has been called to Cadillac, Mich. by the illness of his mother.

Mrs. Harold Lemke, 1214 Ludington street, received word this morning that her brother, William Warner Smith, died Wednesday in Burlington hospital, Burlington, Wis. Mr. Smith had been ill only a short time and death, due to heart trouble, was unexpected. He was 41 years old. Mrs. Lemke will leave shortly to attend the funeral services.

Mrs. Bradford Simmons has arrived from Clifton Springs, N. Y., called by the death of her father, Attorney Judd Yelland.

## Church Events

**Service at Stonington**  
English worship service, with a Luther League program, will be held at Trinity Lutheran church in Stonington Sunday evening at 7:30 o'clock. Rev. L. R. Lund, pastor, announced today. Lunch will be served after the program. The confirmation class will meet for instruction at 6:30 o'clock.

**Bark River Choir**  
The choir of the Bark River Methodist church will practice Friday evening at 8 o'clock at the church.

**Near East Circle**  
The Near East Circle of the First Methodist church will meet Friday afternoon at 2:30 o'clock at the home of Mrs. Edward F. Erickson, 211 South 5th street. Mrs. Ed Miller is assisting hostess.

**St. Stephen's Auxiliary**  
St. Stephen's Woman's Auxiliary will meet at the Guild hall Friday afternoon at 2:30 o'clock.

## Births

Mr. and Mrs. H. R. Allen, 1118 Washington avenue, are the parents of a son, Daniel Robert, weighing seven pounds and fourteen ounces, born April 20, at St. Francis hospital. The baby is the first child born to Mr. and Mrs. Allen and the first grandchild on both sides of the family. Mrs. Allen is the former Ardell Peterson, daughter of Mr. and Mrs. Victor Peterson, and Mr. Allen is a son of Mr. and Mrs. Roy Allen of Green Bay.

## Methodist Church Workers' School Friday Evening

Methodist church workers among youth and children from six churches in the Marquette sub-district will meet at 8 p. m. Friday in the First Methodist church in Escanaba for a church school training conference.

Rev. Otto Steen, pastor of the First Methodist church, said that churches participating in the conference will be Menominee, Bark River, Gladstone, Manitowish, and the Central and First Methodist churches in Escanaba.

Here for the conference will be Mrs. Edna Peterson, Detroit, conference director of intermediate work; Rev. James Balfour, Menominee, Marquette district director; Miss Kathryn Grace, Detroit, conference director of children's work; and Miss Charlotte Gunter, Marquette, district director of Christian education.

## R. C. Hatheway Chapter Plans Honor Dinner

Past matrons and patrons of R. C. Hatheway Chapter, No. 49, O. E. S., will be honored by the chapter at a 6:30 dinner to be given Tuesday, April 27 in the Masonic Temple.

Dinner arrangements are in charge of Mrs. Oscar Kamrath. Reservations must be made by Saturday through Mrs. E. F. Erickson or Mrs. Kamrath.

A program will be given and there will be initiation, presided by past patrons and matrons. All members of the chapter are invited and any visiting member of the Order of Eastern Star.

## Social - Club

**Aid Sponsors Sale**  
A bake sale, sponsored by the Ladies' Aid of the Ev. Covenant church, will be held Friday afternoon, beginning at 1:30 o'clock, at the Home Supply. The committee in charge is Mrs. John Anderson, Mrs. Arthur Carlson, Mrs. Carl Lambert, Mrs. John Molin and Mrs. Frank Rademacher. It is asked that donations be at the store by one o'clock. Those who wish their donations collected are asked to call Mrs. John Anderson, telephone 1060.

**Daughters of Isabella**  
Members of the Daughters of Isabella, Trinity Circle 362, will attend a high mass in St. Patrick church on the feast of Mary, May 1, at 8 a. m.

**Rapid River Bake Sale**  
The Ladies' Aid of the Rapid River Congregational church is sponsoring a bake sale Saturday, April 24, at the Switzer grocery.

**Golden Wedding Observed**  
Mr. and Mrs. Joseph Larsh, whose wedding took place at St. Bruno's church in Nadeau, April 18, 1898, recently celebrated their

golden wedding anniversary. The observance of the day opened with a high mass offered by Father Lester Bourgeois, at which the couple repeated their marriage vows. The festivities included a breakfast at the Larsh home, and a dinner for 175 guests at the parish hall, followed by an afternoon program and an evening dance.

Present for the occasion were Mr. and Mrs. Larsh's three children, Mrs. Delore Paquette, Mrs. Alfred Fish and Joseph Larsh jr., and members of their families, of Kingsford. Among the many out-of-town guests was Mrs. Vicalion Gamelin, of Sault Ste Marie, who was bridesmaid at the wedding 50 years ago.

**Job's Daughters' Practice**  
Job's Daughters will hold practice Sunday afternoon at 1:30 o'clock at the Masonic Temple. It is important that all officers be present.

**Rebekah Meeting**  
Phoebe Rebekah lodge will hold a regular meeting Friday evening at 8 o'clock at the Odd Fellows hall. Hostesses are Meses. Charlotte Severinsen, Dede Cory, Dora Norman, Alec Back, Alvah Flink, Selma Hemes and Lulu Moersch. A large attendance is desired.

More eggs were eaten by farm families in 1946 than in any year since 1940. The total was about 8 billion eggs, 4-percent more than in 1945.

In the 10 southern early peach states, the season has been reported about four weeks later than last year and about two weeks later than usual.

## CHILDREN TO GET PHYSICALS

### Seek To Uncover Defects At Early Stage

Physical examinations for pupils of the kindergarten and first grade are to be made in the Gladstone public school system on Monday, Tuesday, Thursday and Friday.

Examinations will be made in the nurses office in the junior high school by Dr. William Harrison, director of the Delta-Memorial county health unit.

Purpose of the clinic is to uncover at an early stage any physical defects a child may have, explain the situation to the parent of the child and refer the case to the family physician.

Because it has been found advantageous to explain each case to individual parents, no child will be given a physical examination unless permission is granted by a parent or guardian at the time of the examination, Miss Lillian Johnson R. N., school nurse, stated.

## City Briefs

J. C. Schoenberger, Soo Line dispatcher, has left for Minneapolis where he will work for a time. Mrs. Schoenberger and daughter, Sandra Lee, will visit at her parental home in Chippewa Falls during the interim.

Amiel Peterson has returned to his home in Pontiac after attending funeral services for his uncle, Nels Olson, held here Tuesday.

## LaBranche

Frank Gaber and Mrs. August Schultz visited Tuesday with Mrs. Frank Gaber and baby at St. Francis hospital.

Leonard Fezatt has left for Crystal Falls where he will visit several weeks with Mr. and Mrs. Everett Fezatt and family.

Directors named were Gene VerHamme, Frank Sirola, Walter C. Johnson and Torval Kallerson. A review of the past season was given by George Mathison and Walter VanDeWeghe distributed the prize money, gave a financial report on the season and a compilation of bowling figures for the season.

Ray Wahowiak was seen in a pantomime skit.

Al Gillis, who at present is constructing a new building at Delta and Eighth which will house eight modern alleys, reported on progress being made in the venture. Construction is well under way and he said he expected the alleys to be ready for opening by Sept. 1. In addition to the alleys

there will be a lounge and dining hall in the basement, two apartments on a partial second floor. Plans and blueprints for the building were shown bowlers by Mr. Gillis.

## CARD OF THANKS

We wish to express our heartfelt thanks for the kindness and sympathy extended at the time of the death of Benjamin Desjardin. Especially are we thankful to those who sent spiritual or floral bouquets, offered autos for the services, to Father Matt LaViolette and to all others who by word or deed aided us at this time.

Signed:

### FOREST FIRE HAZARD HIGH

#### Conservation Officers Asks Cooperation

Smelt fishermen and other people who have occasion to build fires along creek bottoms, or who cross wooded areas are warned by the local conservation department to be extremely careful so as not to allow fires to spread.

The sudden dryness that has come upon this area is a surprise to even the conservation department. Creeks have begun to run low and tall grass and brush is extremely dry and for that reason the fire hazard is higher than usual for this season of the year.

To date there have been no fires of any consequence reported in the area and forestry department employees are sharply on the lookout for any emergency, but cooperation on the part of the public in putting out all fires and using care in discarding cigarettes and matches will do more in keeping fires at a minimum than the most effective efforts of the fire fighters, says Ernest Derwin, conservation officer.

### Schaffer

Schaffer, Mich.—Mr. and Mrs. Gordon DeMars of Escanaba accompanied Mr. and Mrs. Louis Racicot and Donna to Wausau over the weekend where they visited with Mrs. Racicot's relatives.

Edward Hubert and Theresa Seymour, Evelyn Taylor, Shirley, Charlene and Yvonne Tousignant motored to Marquette Sunday to visit relatives. They also visited at the Ed Lefevre home in Munising.

Mr. and Mrs. Robert Huot of L'Anse visited at the Louis Tousignant home Sunday.

### Marshall Plan Economic Not Militaristic Says U. Extension Speaker

The foreign policy of this country, as exemplified by the Marshall Plan, is not militaristic, nor is it aggressively opposed to Soviet Russia, but is rather a means of helping Western Europe to get back on its economic feet and carry on in the way that nations do whose people are not faced with hunger and economic disaster, Roger S. Abbott of the University of Michigan faculty told his audience here in the fourth of a series of lectures conducted under the auspices of the University Extension service, Wednesday evening.

Speaking on the topic, "Western Europe—Chaos or Unity," Mr. Abbott said that the results of recent election in Italy may be taken as a very encouraging sign that the things America hopes for in Europe are, at least for the time being, materializing.

Communist control in Italy and in France, he said, is far stronger than the actual number of communists in those countries would indicate, but the election in Italy demonstrates that the strength of Communism in Italy was over-rated.

Europe's most pressing economic problem for the present, he said, was that of financing its imports and in order to get those commodities that Europe needs.

FOR  
Pin-  
Worms

TAKE  
P-W  
TABLETS

A modern medical treatment that gets real results

the current financial aid is necessary. When those countries get stabilized and their industries increase their output, the exchange of products will, to a large degree, take care of imports and exports.

Granting that the European picture is a black one, the speaker pointed to a few hopeful signs, the chief one of which was the recently signed Five Power Pact signed by Britain, France, Holland, Belgium and Luxembourg.

He stated that he did not look for the absolute economic isolation of Russia dominated countries because Russia will not, for years, be in a position to adequately supply them with what they need. He added that he was convinced that Russia would not make any test of strength at present and that its military might is not what it is generally supposed to be.

Mr. Abbott also addressed the Rotary club at its noonday luncheon in the afternoon.

### Local Bankers to Attend Fed. Reserve Annual Conference

William Shinar, of the State Savings Bank and Fred H. Hahne, of the First National Bank are leaving Friday for Minneapolis where they will attend the annual conference of the Ninth District Federal Reserve Bank to be held there Saturday.

At the conference will be bankers from all parts of the district which is made up of Montana, North and South Dakota, Minnesota, Northern Wisconsin and Upper Michigan. While the primary purpose of the conference is a serious one, Mr. Shinar states, there are some very interesting features on the program, chief of which is a special performance of the ice follies. An address by Congressman Wm. H. Judd on "Our Foreign Policy," is also publicized as one of the outstanding features. The sessions will be at the Nicolett Hotel.

supposed to be.

Mr. Abbott also addressed the Rotary club at its noonday luncheon in the afternoon.

### City Briefs

Mrs. L. B. Chittenden left Wednesday for Chicago, called by the death of her mother, Mrs. O. Compo, who died suddenly at the home of her daughter, Mrs. E. F. Sorensen. Mrs. Compo, who has visited in Manistique on several occasions, will be taken to Sault Ste. Marie for burial.

Word has been received here of the birth of a son, Robert Kenneth, born on April 9 to Mr. and Mrs. Percy Tufnell, Jr., of Dearborn. The baby weighed seven pounds and three ounces. The Tufnells are former residents of this city.

Mrs. Gerard Deloria and son, Nelson, have returned from Sturgeon Bay, Wis., where they visited with Mr. Deloria, who is employed by the Roen Steamship company of that city.

A new item for the motorist is a clamp-on fog lens that fits all standard sealed-beam headlights.

Hunting and fishing are multi-million-dollar businesses, topping all sports in volume of revenues.

### Disturbers Pay Fines and Costs In Justice Court

Two complaints of drunk and disorderly conduct found redress in local justice court Tuesday, the three men involved drawing fines because of the disturbances they created.

Elmer Genereau pleaded guilty to a charge of drunkenness was given a fine of \$10. Genereau was arrested on complaint of Carl Ranta, owner of Carl's Bar, who complained that Genereau created a disturbance, among other things tipping over a table and spilling glasses onto the floor.

Accordingly, Justice of the Peace W. G. Stephens, in addition to fines and costs gave the defendant a thirty day suspended sentence and also enjoined him from entering Carl's Bar for a period of a year.

Emerson and William Dixon, on Tuesday afternoon, pleaded guilty

in justice court to a charge of drunk and disorderly conduct, the disturbance complained of happening in the Liberty Cafe the evening before. In addition to being under the influence of liquor, the youths were charged by a state police officer with using vile and indecent language. Emerson who was pointed out as the chief disturber, paid a fine of \$10 and costs and William was fined \$5 and costs. They promised to keep out of such trouble in the future.

## SENIOR CLASS PLAY MAY 7

Actors To Take On A  
Heavy Assignment

The Manistique high school senior class has taken on an unusually heavy assignment for its class play this year.

On the evening of Friday, May 7, at the school auditorium, the class will present "Icebound," a Pulitzer Prize play by Robert Owen.

The theme of the play deals with a family the members of whom are greedily expecting to become beneficiaries of their mother's will. The mother surprised them by leaving the estate to the family servant who later discloses that it was left in her trust in behalf of the son who was an outcast.

The play, as may be understood from its theme, calls for serious acting.

Class plays for many years, have been of light comedy nature, but the students here have been more than usually active in dramatics the past year and under the direction of Marvin Frederickson, have scored a number of successes. For that reason, the youthful actors decided to attempt something of a more ambitious nature.

## Cornell

### Home Ec Meeting

Cornell, Mich.—Mrs. Harold Woodard and Mrs. Oral Thompson attended the Home Extension meeting in Escanaba last Tuesday. The lesson was in "Good grooming."

### 4-H Party

The Cornell 4-H club will entertain their parents and friends on Friday night April 23 at the Cornell hall. The year's work in clothing and handicraft will be exhibited and Mel Nyquist, county club agent, will show some interesting slides. Achievement pins and certificates will be given out. Lunch will also be served.

## Women's Club to Hold Thrift Sale

The Manistique Womens Club will sponsor a "Thrift Sale" at the Ford Garage next Tuesday. The funds secured from this sale will go to meet expenses incidental to the district convention of women's clubs which will be held in Manistique some time next fall.

## Hermansville

Hermansville, Mich.—Mrs. Louis Dani of Wayne, Mich., visited here with relatives during the past week.

Mr. and Mrs. William Earle and daughter of Appleton were weekend guests at the home of his parents, Mr. and Mrs. Stewart E. Earle.

Mrs. Alex LaFave and Mrs. Peter Guimond of Escanaba visited Saturday at the home of Mr. and Mrs. John Bellmore.

Mrs. Harold Pipkorn entertained Saturday afternoon in honor of Mrs. John Casper of Milwaukee. Guests included Miss Emma Fredrickson, Mrs. Robert Finley, Mrs. Bernard Ammel, Mrs. Conrad Finstrom, Mrs. Chester Severinsen, Mrs. Ray Pakarinen, Mrs. Leo Potvin, Mrs. Steve Rodman, all of Escanaba and Mrs. Bert Lawrence of Kingford.

Mr. and Mrs. Joseph Malone have returned from a visit to New Jersey.

Miss Mary Lanthier of Gladstone visited Sunday at the home of Mr. and Mrs. John Maga sr. Weekend guests at the home of Mr. and Mrs. Jesse Yale, jr., were Mrs. Paul Suzik, Mr. and Mrs. Frank Suzik and Mr. and Mrs. Edward Rintala of Hurley, Wis.

Mr. and Mrs. John Maga, jr., of Gladstone visited Sunday with his parents, Mr. and Mrs. John Maga, sr.

## Local Commercial Fishermen Report Very Good Season

Fishing activities in the local port, now in full swing, are bringing better than average results, operators in general report.

The smelt harvest, unusually heavy this year, has spelt profit, although the price, because of the abundance of these fish on the market has lowered considerably

since the harvest began. The price however, even at the present level is considered satisfactory.

Trout and whitefish catches are up to normal and prices have been uniformly good, fishermen report. Lamprey marked trout still continue to decrease the value of the local catch.

Fishing operations have been steady since the harbor was cleared of ice about three weeks ago.

A relative humidity of 50 per cent swiftly kills disease germs in the air.

## How Dr. Edwards' Helps Constipated Folks!

For years Dr. Edwards relieved patients bothered by constipation with his famous Dr. Edwards' Olive Tablets—now sold by all drugstores. Olive Tablets are mild, gentle but oh—so thorough! Olive Tablets act on BOTH upper and lower bowels to produce more natural-like movements. No gripping. Just complete satisfaction. Buy today! 15¢, 30¢.

# Dyer's Redbirds Off To Better Start This Year; Tiges Win Again

## VIRGIL TRUCKS HURLING TODAY

Trout Batted Off In 7th But Overmire Wins

Chicago, April 22 (P)—The Detroit Tigers called on Virgil Trucks today to give them a clean sweep of their season-opening three game series with the White Sox.

The Bengals outlasted the Chicagoans 4-3 yesterday for their second victory of the youthful American League campaign.

But Paul "Diz" Trout, who fell victim to a three-run White Sox uprising in the last of the seventh was not around when the Detroiters pushed over the winning run in the eighth. Frank "Stubby" Overmire got credit for the win.

The triumph gave Detroit a flying start on its hopes of repeating its 1947 performance of making Comiskey Park its "winning nest" away-from-home ball park. The Detroiters won eight games there last year, which was more than they won in any other American League field, except Briggs Stadium.

Trout was practically untouchable in the first six innings of yesterday's game as he held Chicago to three hits while the Tigers took a 3-0 lead.

But then came the seventh inning which gave the 2,613 child fans something to shout about.

Tony Lupien doubled to open Chicago's half of the inning. Bob Kennedy popped out, but Taft Wright singled to score Lupien.

Dave Philly walked. Aaron Robinson then lifted a high fly to left and it popped out of Dick Wakefield's glove for a double and two runs.

That finished Trout, but Overmire came on and finished off the Sox.

Hoot Evers was the Tiger batting star with three out of four. His third hit came in the eighth off White Sox relief pitcher Earl Harris. Starter Orval Grove was lifted for a pinchhitter in the seventh.

Neil Berry, the Kalamazoo boy, opened the inning with a single and moved to second on Eddie Mayo's sacrifice. Evers then belted one into left field, scoring Berry with the winning run.

## International Loop Opens Shop Today

New York, April 22 (P)—The International baseball league opens its doors for business for the 65th time today.

The International is the last of triple A classification to start the 1948 season. The other two, the American Association and the Pacific Coast League, began operations on March 30 and April 15, respectively.

Jersey City, which won the pennant last year on the final day of the season, entertains the Toronto Maple Leafs today.

### DETROIT U. NINE LOSES

Ypsilanti, Mich., April 22 (P)—Michigan Normal's baseball nine ran its victory string to three yesterday with a 12 to 7 route of University of Detroit.

### BULLETS COP BAA

Baltimore, April 22 (P)—The Baltimore Bullets defeated the Philadelphia Warriors 88 to 73 last night, and captured the Basketball Association of America championship.

### SOFTBALL MEETING

Officers of the Escanaba Softball association will meet in the recreation office at the Youth Center at 7 this evening.

## All-American Redheads Perform Here Saturday

TIME OUT—Ruth Lessing takes time out from training at Opa Locka, Fla., to powder up for cameraman. But don't let that powder puff fool you. The catcher of the Grand Rapids Chicks of the All-American Girls League was fined \$100 last season for hitting an umpire.

Those amazing basketball lassies, the All-American Redheads, coached by Ole Olson of Terrible Swede fame, will play a return engagement in Escanaba Saturday night when they meet the Delta Hardware in the William Bonifas school gym.

The opening tip-off is slated for 8:15, and a preliminary to start at 7 is being arranged.

The girls made a big hit here last year against the VFW, and basketball fans of this area are looking forward to their engagement with the fast Hardware five, champion of the Northern Wisconsin Michigan Basketball League and the Hermansville Gold Medal Class A tournament.

Superlatives flow from Dick Stintz, their road manager, when he starts talking about the All-American Redheads. They are not only the world's champion girls' team, but they are the world's tallest and the world's most beautiful.

And pictures of these lassies featured in recent years in four national magazines and also in the movies would seem to substantiate Stintz's statements. In other words, they're okeh and never fail to put on a good show.

They spice good basketball with good comedy. The comedy has a professional touch, which is sometimes lacking from touring basketball clubs. Six-foot four-inch Gene Love, the Redhead pivot spot ace, and five-foot two-inch Stubby Winter are featured in one of the acts. Hazel Walker again will put on her show.

That's mentioning just a few of the girls. They're head and shoulders above their rivals when it comes to a pleasing mixture of comedy and basketball, as any fan who saw them in action here last season will readily attest.

## PHILLIES, A'S PERK UP, TOO

Dodgers Flattened, 9-5; Lip Uses 24 Bums

By Joe Reichler (Associated Press Sports Writer)

This is definitely a new year for Eddie Dyer and his St. Louis Cardinals.

Just a year ago today, Dyer's Redbirds were in the midst of one of their worst early season slumps. A heavy favorite to retain the championship they won in 1946, the Cardinals got off on the wrong foot and dropped nine straight games.

As it turned out, the Cards lost the flag then and there.

But the picture is much brighter this year—thanks to some splendid pitching by Murry Dickson and a n d George Munger.

Dickson gave up 10 hits in Tuesday's opener, but wound up with a 4-0 shutout. Munger allowed only five yesterday and registered a 5-2 victory over the same Cincinnati Reds. The two triumphs shoved the Cards into a first place tie with the Philadelphia Phils.

Ben Chapman's Phillies made it two in a row over the Boston Braves, taking yesterday's game 4-3 in 13 innings. A pair of walks, a sacrifice, a wild throw and Granville Hamner's long fly produced the winning tally.

Bill Voiselle was yanked for a pinch hitter after seven innings. Ernie White, a refugee from the coaching box, allowed only two hits in 5 2/3 innings of relief, but was charged with the defeat.

At the Polo Grounds the Giants flattened the Dodgers, 9-5, in one of the weirdest games in years. A crowd of 22,388 watched in amazement as five Brooklyn hurlers issued 13 free passes and gave up 11 hits, including two more runs.

Ralph Branca, Willard Ramsdell, Preacher Roe, John Hall and John Banta all tried their hands for the Dodgers.

The Giants' pitching wasn't much better. Sheldon Jones and Ken Trinkle also allowed 11 hits between them, including three home runs, but walked only four men.

Manager Leo Durocher used 24 players to set a record for most players in a nine-inning game. The Dodgers had the old one of 23 back in 1937.

Four Brooklyn second basemen—Jackie Robinson, Ed Miksis, Bob Kamazottz and Gene Mauch—saw action. Robinson retired after five innings because of a bone bruise on his left hand.

The homers were supplied by John Mize and Sid Gordon of the Giants, and Arky Vaughan, two, and Carl Furillo of the Dodgers.

Overmire Gets Credit

Bases on balls by Forrest Main forced in two Chicago runs in the ninth to help the Cubs defeat the Pirates in Pittsburgh, 6-3. Bill Nicholson and Andy Panko hit home runs for the Cubs. Main had relieved Ernie Bonham in the ninth. Hanuk Borowy was the winning pitcher.

Bad pitching continued to plague the Yankees. The Washington Senators pounded the Yankees 10-1 in the seventh inning, and whipped the world champions, 6-3, in the Capital city. Gil Coan's three-run homer proved the decisive blow. Southpaw Mickey Haefer spaced nine hits for his first win.

Detroit made it two in a row over the White Sox in Chicago, winning, 4-3, tying the Philadelphia Athletics for first place in the American League.

Stubby Overmire, who relieved starter Dizzy Trout in the seventh, pitched ar-tight relief ball to receive credit for the Detroit victory, Earl Harris, who replaced starter Orval Grove in the eighth, was charged with the defeat.

The Athletics and Red Sox were rained out in Boston, Cleveland and the St. Louis Browns were not scheduled.

Bobby Locke Wins Carolina With 271

Southern Pines, N. C., April 22 (P)—Bobby Locke of Johannesburg, South Africa, held title today to the Carolinas open golf championship, repeating where he started in this country last year.

The ruddy-cheeked Afrikaander nosed out Johnny Palmer of Bardin, N. C., by a single stroke in the 36-hole finals, posting a 71-69 for a 271 total over the 72-hole route.

In third place was Johnny Bulla, pro of Greensboro and Phoenix, Ariz., who ended up with a 283.

Feller to Pitch To Tigers Saturday

Cleveland, April 22 (P)—X-rays of Bob Feller's injured index finger on his right hand disclosed only a contusion and the Cleveland Indians' fireballer will be able to take his turn on the mound against the Detroit Tigers in the Motor City Saturday.

Feller was hit on his \$80,000 finger by a pitched ball while attempting to bunt in the opener against the St. Louis Browns Tuesday.

Mystery Program

Manager Mel Ott appears more puzzled than anyone else about the circumstances leading up to the suspension of Buddy Kerr. Before Tuesday's opener, Mel was saying: "I don't understand it. Doctors in Cleveland examined him carefully and said he was all right. Just 45 minutes ago we talked to the doctor here on the telephone and he said Buddy could play. Then Kerr comes in and says they told him not to play for a few days."

SPARTANS LIKE BADGERS

East Lansing, April 22 (P)—Heartened by their first victory in five starts, Michigan State's baseball Spartans will try to make it two in a row today over Wisconsin, defeated in an 11-9 slugfest Wednesday.

## 85-Year-Old Connie Mack Benches His Son---Too Old

Boston, April 22 (P)—Ex-Tiger infielder Skeeter Webb has a new job—first base coach for the Philadelphia Athletics.

Athletics manager Connie Mack benched his son, Earle, and sent the former Detroit player to the coaching box in his place. He explained his 55-year-old son is "getting up in years." The elder Mack is 85.

## Tri-County Ball League Formed; Bark River In

Bark River is Delta county's representative in the newly-formed Tri County Baseball league, a 10-team circuit all set to tee off May 9.

Other teams in the new wheel are Perronville, Wilson, Powers-Spalding and Hermansville of Menominee county and Foster City, Felch, Loretto, Vulcan and Norway of Dickinson county.

Officers are Holger Peterson, of Felch, president; William Radue, of Hermansville, vice president; Tom Bartoszek, of Perronville, Secretary-treasurer. All officers have high hopes for a bangup season, inasmuch as all entries have had previous experience in other leagues and are capable of fielding first teams.

Bark River, Perronville, Wilson, Powers-Spalding and Hermansville have moved over from the Cleveland league, and Foster City, Felch, Loretto, Vulcan and Norway have transferred their affections from the Interstate circuit.

The season will open Sunday, May 9, and will continue through September 5. The season is divided into two halves, with the winner of each playing a two-out-of-three series for the league championship.

The league schedule will be published later.

Escanaba Elks Club Women's Pin Meet Starts Saturday

The Escanaba Elks club women's bowling doubles and singles tournament will get underway at the Elks club alleys at 7 Saturday night and will continue next Monday and Wednesday nights.

The schedule follows: Saturday, 7 p. m.—Celeste Meiers-Helen Lewis, Arlene Peterson-Kate Walter, Edna Reynolds-Lill Freeman, Bunny Moersch-Lucille Raack.

Monday, 7:30 p. m.—Peg Johnson-Bern Schmitt, Fran Boyle-Annette Myers, Cele Ferguson-Isabel Klug, Pearl Schram-Elaine Morton, Mary Leonard-Alice Remington, Gladys Richards-Pearl Curtis, Flo Coplan-Doris Auger, Mable Breitenbach-Carole Fillion.

Wednesday, 7:30 p. m.—Fran McPherson-Naomi Lee, Ruth Needham-Toni Meunier, Eileen Coplan-Bill Wohlen, Rose O'Brien-Ida Sabuco, Louise Saykly-Josephine Saykly, Helen Bennett-Donna McCrum.

If Coaltown Wins Today, Look Out Derby Hopefuls

Lexington, Ky., April 22 (P)—Calumet Farm needed only a victory by Coaltown in Keeneland's \$15,000-added Blue Grass stakes today to score off all except the most daring Kentucky derby eligible.

Calumet, already securely entrenched as favorite in the winter book on the strength of Citation's showings, could all but wrap up first money out of the Derby's \$100,000-added prize by being able to enter a double dose of distance poison.

So far, however, Coaltown's claim to greatness has been based on his ability to brush off the sprint distances. The Blue Grass calls for a mile and an eighth, just an eighth of a mile short of the Derby route.

Today a year ago—Bob Feller of Cleveland pitched his ninth one hitter of his career, beating the St. Louis Browns, 5-0. Al Zarilla singled in the seventh for the only hit.

Three years ago—Toronto Maple Leafs won the Stanley Cup hockey playoffs by defeating Detroit, 2-1, in the seventh and deciding game.

Five years ago—Only 7,057 attended the opening game of the baseball season at Yankee stadium as New York defeated Washington, 5-4.

Ten years ago—Detroit set a new home attendance record for opening day by drawing 54,500 as the Tigers lost to Cleveland, 4-3.

In loving memory of our dearly beloved daughter and sister, Mrs. Hunt, who was taken from our family circle April 22, 1947.  
A ray of sunshine  
Has gone from our home,  
And a place is vacant today.  
She'll be with us again,  
That we loved so well.  
Seems so very far away,  
But we're trying to live  
Just day by day,  
Trusting the Father for light—  
Knowing that some day  
She'll be with us again.  
In the Home in the City of Light.  
Sadly missed by

## U. P. Swedish Centennial Committees Appointed

Dr. N. L. Lindquist, chairman of the Escanaba Chamber of Commerce's Swedish Pioneer Centennial committee, has announced the various county committees that will cooperate in the staging of the Upper Peninsula observance event in Escanaba on Tuesday, June 15.

The Swedish Pioneer Centennial celebration will be attended by Prince Bertil of Sweden, who will be flown to Escanaba from Detroit by a chartered plane of National Airlines. A troupe of Swedish girl gymnasts from Stockholm, similar to the artists who performed at the New York World's Fair several years ago, will also appear on the Escanaba program.

An added attraction will be the Chicago and North Western railway's "Pioneer" Centennial Train, which will be on exhibit in Escanaba throughout the day. The "Pioneer" locomotive, which pulled some of the first trains that transported Swedish immigrants to prairie settlements a century ago, also will take part in the colorful parade to be staged in Escanaba's mile-long and 100-foot wide Ludington street.

Following are the county committees:

Alger County: Rev. Einar Soderberg, chairman, Ansel Berglund, Capt. Claude Hanson, Ed Johnson, Fred Johnson, Oscar Oie and Dr. G. B. Wickstrom, all of Munising.

Baraga County: Danford Elmblad, L'Anse, chairman, William Beck, Baraga, and Erick Erickson, Leo Erickson, Andrew Jacobson, Charles Larson and Arthur Ohman, all of L'Anse.

Chippewa County: E. J. Sundstrom, Sault Ste. Marie, chairman, and Carl Alexander, Carl W. Carlson, William Champion, Mrs. A. D. Knight, Eric Kronquist, Carl Johnson, Harry Lundwall and Rudy Pearson, all of Sault Ste. Marie.

Delta County: A. Theodore Sohlberg, Gladstone, chairman, Alfred Anderson, Bark River, Rev. C. V. S. Engstrom, William Nelson, Walter Olson and Rev. Clifford Peterson, of Gladstone, Frank Romaine, of Bark River, and John S. Back, Mrs. E. Gustafson, Rev. Karl Hammar, Mrs. Ellen Johnson, Mrs. Rudolph Larson, John Molin, Carl G. Nelson, Lambert Peterson and John Wicklander, all of Escanaba.

Dickinson County: Carroll Asp, Norway, chairman, John Carlson, Olaf Dahlstrom, F. A. Flodin, John Franklin, Charles Hallman, John Hansen, John Nelson, Nels Nelson, Berge Olson and Gust Rahm, all of Iron Mountain, and John Sundstrom of Felch.

Gogebic County: Edwin J. Johnson, Ironwood, chairman, E. C. Carlson, Gutsav M. Eckman and Conrad Vellin, of Bessemer, Victor Hansen and Andrew F. Olson of

Wakefield, Carl E. Erickson, Victor Frederickson, J. Victor Jacobson, Walter Olson, A. W. Peterson, W. G. Peterson and Ferdinand Skud, all of Ironwood.

Houghton County: George Swenson, Houghton, chairman, E. A. Anderson, Mrs. Charles Gustafson, Mrs. Victor Kivela and Mrs. George Swenson of Houghton, Henry Hanson of Lake Linden, Edgar Johnson of Calumet, Alfred Nordbeck and Rev. John P. Simonson of Dollar Bay, E. A. Stenson, Laurum, and Fred Swanson, Atlantic Mine.

Iron County: Maurice F. Nollberg, Iron River, chairman, Albert Axelsson, Edward Burling, Walter Danielson, Ed Forsman, Rev. Gunnar Goranson, Herman Holmes, Ivar Malmberg, Sigard Martinson, Elmer Soderberg, John V. Soderman and Lud Stoor, all of Crystal Falls, Guy Gustafson, A. E. Johnson, John F. Johnson, Harold Lindahl, Carl G. Lindquist and Hilding Swanson, all of Iron River, J. E. Lindwall and Charles A. Nelson of Stambaugh.

Luce County: Mrs. P. S. Hamilton, Newberry, chairman, Charles Carlson, Albert Erickson, Tekla Hedberg, Victor Johnson, William Kronquist, Leonard Peterson, John Stark, Mike Swanson, Peter Swanson and Mrs. Andrew Westin, all of Newberry.

Mackinac County: John W. Carlson, St. Ignace, chairman, Carl F. Gustafson, Charles E. Madison, Gustav Nelson and Mrs. Ernest Thompson, all of St. Ignace, Carl E. Carlson, John R. Gustafson, Axel Movallson and Ellis Movallson, of Brevoort, Mrs. Arthur Johnson and Eric Lofdahl of Cedarville.

Marquette County: George Quaal, Ishpeming, chairman, William Belstrom, Bertil Engstrom and Harold Peterson of Ishpeming, Carl J. Larson, Howard Larson and Herman E. Olson of Marquette, John P. Larson and Alfred Wassberg of Negaunee.

Menominee County: Rev. Fred C. Nelson, Menominee, chairman, Rev. and Mrs. David Bjurlin, Mrs.

Albert Dvoracek, Mrs. L. D. Erwin, Mr. and Mrs. H. W. Fernstrom, Charles G. Janson, Mrs. John E. Jones, Mrs. Albert Nelson, Mrs. Fred C. Nelson, Mrs. Fred Sunstrom and Carl Westman, all of Menominee, and Edmund Erickson, Powers.

Ontonagon County: Charles A. Stralle, Ontonagon, chairman, Charles Anderson, E. A. Enggren, Fred Granfors, John Holm, August Johnson, Emil Larson, Axel Nygard, Charles Nygard, Charles Oak and Andrew Wislon, all of Ontonagon.

Schoolcraft County: Walter Nelson, Manistique, chairman, Ragnar Carlson, Rev. G. A. Herbert, Gust Larson, Vernon Linderoth, Walter Linderoth, Rev. Harold Martinson, Gus Nye, Carl Olson and Herbert Peterson, all of Manistique, Agner Dehlin of Hiawatha and Edwin Johnson of Gulliver.

**Dorance Peterson, Ronald Gilding in Milwaukee School**

Dorance Peterson, jr., son of Dorance Peterson, sr., of 504 South 15th street, Escanaba, and Ronald Gilding, son of Mrs. Edna Beeson, 222 South 15th street, Escanaba, have enrolled in the Institute of Electrotechnics, at the Milwaukee School of Engineering. They were among 226 new registrants to begin studies at the school during the spring term opening April 5. The school, in its 45th year as a technical teaching institute has a total enrollment of 1275. It offers courses in four major divisions of study: the college of electrical engineering; the institute of electrotechnics, the refrigeration, heating, and air conditioning institute; and the welding institute.

Twenty-five Hawaiians, two students from Puerto Rico, two from the Virgin Islands, two from Mexico, and one from India, Columbia, the British West Indies and Canada have enrolled for the spring term.

Already in attendance are men from the Bahamas, Canada, India, Hawaii, Java, Mexico, Palestine, Puerto Rico, South America and the Virgin Islands.

The common oyster annually disperses around 60,000,000 eggs.
